ity Slates 'Essential' torm Drainage Project

lenlo Park's city councilmen ag- this week dived off the high- rd into the cold waters of the ci- storm drainage problem.

uesday night they heard and ac- ted a report from City Engineer win H. Smith on the "minimum ential" system and set public ring on the plan and the assess- nt distict to finance it for 8 p. m. g. 26 in the city council chambers.

The revised plan for this second t of the much-worked-over drain- system provides for a line from creek up Arbor road to Middle nue and west on Middle to a nt approximately opposite Claire ce, where it will connect with the sting line into Oakville terrace.

A line from the low point of Hermosa way in the Rosefield tract would extend out across Santa Cruz avenue and down Santa Cruz to a point approximately midway between Hermosa way and San Mateo drive, where it would end in a riser basin until it is eventually connected to another line.

One other short pipe would be installed from the end of Windsor way to the end of Castle way, where it would connect with an existing line.

The protest, Smith said, would be financed by assessments against all the lots in the drainage basin contributing to the runoff of water, except for lots which have already paid for drainage systems. These would be exempted.

The cost per single-resident lot in Oakville terrace, the Rosefield tract, the Windsor Homes, Greenfield and Westfield tracts would be $105.

In the Hermosa tract and Menlo Park terrace as well as in the Brookdell tracts Numbers 1 and 2, the assessment would be $60. The $45 difference would be assessed against these areas if and when further street improvements and drainage laterals are extended into those areas.

$7000 SHORT

Also exempted from the assessment district would be a few lots at the creek end of San Mateo drive, where recent grading has caused the runoff to flow directly into the creek.

Smith indicated that the total funds so raised by assessment would be "seven or eight thousand dollars" short of the total cost of the project. This amount he said could be advanced from the city general fund to be repaid by assessments against the Hillview area when and if that section is connected to the system.

William D. Coldiron, 7 Hermosa place, inquired whether the city would have to ask the county for new permission to assess the unincorporated areas in the Brookdell tract, in view of the proposed modifications in the original plan.

City Attorney James T. O'Keefe Jr. replied that this would not be necessary.

enlo Park Has

DAY AT FAIR

Today is "Menlo Park Day" at he county fair and floral fiesta.

The special designation has been t by county fair officials, to em- hasize the south county area. long with Menlo Park, Atherton, ast Palo Alto and adjacent com- unities will get special mention oday.

The fair and floral fiesta is urrently in progress at the Fiesta uilding, San Mateo.

ip! -- and Again! ops Nab 2 at 70

Two Menlo Park area motorists re cited during the past week for avelling at speeds greater than 70 les an hour on El Camino Real, ter chases involving, in both cases, o police departments.

The asserted speeders were George ates Jr., 19, of Mountain View and mes A. McKellar, 202 Green Oaks ive, Atherton. Both were finally opped by Redwood City police.

Yates was arrested late Aug. 7, fter Officer Kevin McDonald of he Menlo Park department saw im driving north across the San rancisquito creek bridge without ights. Riding a motorcycle at the ime, Officer McDonald was unable o catch the motorist, he reported, lthough he was riding at speeds n excess of 70 miles per hour.

Yates, in his journey through lenlo Park, narrowly missed Police fficer Edgar Pabalis, who was rossing El Camino Real while ecking doors, police say.

Unable to catch the youthful of- nder, McDonald contacted a radio ar and a call was sent out.

FTER CHASE

Twenty minutes later, shortly af- r 11 p. m., the Redwood City Pol- e apprehended the Mountain View outh and called Menlo Park police.

Yates was cited for speeding ,fail- re to heed a siren, driving without ights, and violating pedestrian right f way. He was to appear in Menlo ark police court last night.

The second driver was cited by Redwood City police at 2:35 a. m. Tuesday, after a chase from San Carlos to Fifth avenue, south on the highway.

Redwood City officers report that McKellar was driving at speeds up o 80 miles an hour. They cited him or speeding and reckless driving.

Water Commission Appointed by City

Five men were appointed to the ity's new water commission Tues- ay night by Mayor Charles P. Bur- ess with the approval of the city ouncil.

The five are: Lloyd Apgar, 228 Arbor road; William E. Arthur, 781 Hetch Hetchy way; John R. Chaffet, 208 Concord drive; Howard V. Johnston, 714 Live Oak avenue, and Edward C. Thompson, 1040 Berkeley avenue.

Willow Road Apartment Plan Lauded

Menlo Park planning commissioners Monday night set Sept. 8 as date for hearing on a proposed "garden studio" apartment development planned for the north side of Willow road, between the Veterans' hospital and Coleman avenue.

Lauding the "spirit of cooperation" shown by Berendsen and Pearson, the area's developers, the planners indicated they would favor the integrated development even though it included about 5000 square feet of commercial building.

The city's master plan calls for elimination of commercial zoning on that side of Willow road.

Planning consultant H. F. Wise said that the "compromise" with the master plan was approvable in the case in question, since the development proposed was essentially residential

Essentially, the development is divided into two parts: a 26-unit, "studio apartment" group surrounding a central court, on the portion of the preperty nearest the veterans hospital and a group of duplexes on the portion next to Coleman avenue.

OFFICE AND CAFETERIA

A 1200-square foot office and cafeteria building is proposed for the front of the individual apartment section; a 3486-square-foot commercial building, with parking in the rear, is to front on Willow road south of the duplexes.

Technically, the planning commission will have two measures before it on Sept. 8, regarding the matter.

They will have to hold a hearing on issuance of a use permit for the commercial parts of the proposed development, since that part of the land is classified for commercial use under present zoning, and they will have to hold a hearing on rezoning of the rear portion of the parcel

Two New Store Buildings O.K.d

Construction of a new commercial building at the northeast corner of Santa Cruz avenue and University drive was recommended by the city planning commission Monday after long discussion.

The request for a permit, submitted by William Felkner, was sent to the city council for final action with an affirmative vote.

Planning Consultant Harold F. Wise explained how the profile of University drive, as proposed in the city's new master plan, would have to be changed to allow construction of the new store building.

To do so, he said, it would be necessary to take four feet off the front of the medical center's property. This would allow four lanes of traffic and parking along one side of the drive.

Felkner said, meanwhile, the proposed 40-by-130 foot building will have, possibly, two store units facing Santa Cruz avenue and others facing University drive. Details of construction, he said, remain to be worked out.

A second new commercial building was approved Tuesday night by the city council. The plan had received

Sewer Bonds

GET CITY NOD

The $310,000 bond issue proposed by the Menlo Park Sanitary district, which will be voted upon Sept. 4, Tuesday night received the unanimous endorsement of the city council.

Councilmen heard City Manager C. L. Longson describe plans for the new sewer lines to be financed by the bonds as "well-thought out and adequate."

Longson said there should never be need for further major sewer construction within the present city limits if the present plan receives the necessary consent of the voters.

Early Registration Of Voters Urged

"Register now and avoid the rush."

This warning was issued this week by Frank S. Becker, deputy registrar, in urging prospective voters to sign up for participation in November's general election. At the same time he listed special hours during which he will be on hand in the central business district to sign up prospective voters.

Beginning tomorrow, Becker will be on hand at the Menlo Park branch of the First National Bank, Santa Cruz avenue and Chestnut street, from 10:30 a. m. to 12 noon and from 1:30 p. m. to 2:30 p. m. Mondays through Fridays.

Meanwhile, those wishing to register may also do so at the city clerk's office, city hall, Menlo Park civic center. Mrs. Becker, city clerk, will register voters there between hours of 10 a. m. and 12 noon and 2 p. m. and 3 p. m. Mondays through Fridays.

As date for closing registration approaches next month, Mrs. Becker said, the hours may be lengthened.

Hearing Set On City's Budget, Taxes

August 26 has been set as date for public hearing on the city's budget and tax rate for the new fiscal year.

The city council Tuesday night set 8 o'clock of that evening in the city council chambers as the time and place for action on the record $324,763 budget proposed in June by City Manager C. L. Longson and a new low tax rate of 74 cents per $100 of assessed valuation.

A letter from Longson this week outlined the proposed tax rate in detail. He indicated that, under the new increase in assessments in the county, the city's tax bill for Menlo Park property owners would represent a net reduction of one cent per $100.

BREAKDOWN

The 74-cent rate is proposed to break down as follows: General Fund, 62 cents; Retirement Fund, 8 cents; Bond Redemption and Retirement Fund, 4 cents.

Without the 50 per cent increase in valuations, Longson said, this would have represented a 93-12-6-cent breakdown for a total tax rate of $1.11 as compared to last year's rate of $1.12.

Longson also compared the new rate with that for each of the preceding four years, showing a steady decrease in the tax burden. In 1948-49, the rate was $1.25; in 1949-50, $1.18, and in 1950-51, $1.15.

The new budget is $32,220 above the budget for last year.

FOOTBALL PRACTICE

Menlo-Atherton High School Varsity football practice will open on Monday, Sept. 15, according to an announcement issued recently by Head Coach Howard Costello. Costello and line mentor Don Dorfmeier of Menlo Park will confer beginning next week to lay plans for the coming season.

Sunday Ceremony at Woodhaven

Girl Scout Crafts Center, Gift of Rotarians, Is Dedicated

IT'S FIRST USE—The crafts house at Woodhaven saw its first use last Sunday when Girl Scouts, their parents and members of the Menlo Park Rotary club filled it to the bursting point during dedication ceremonies. Participants in the ceremony were (left to right) Toni Hansen, with hammer; Brenda Reich, with plaque; Mrs. Malcolm Patterson, Scount council member; Mrs. H. F. Coykendall, camp committee chairman; John Davenport, head of the crafts house construction; Mark Cotton, construction committee member and John D. Russell, Rotary president. —Recorder photo.

With a short dedication ceremony Sunday afternoon, a frame "craft center" built by the Menlo Park Rotary club to house the Girl Scouts' craft facilities at Woodhaven became the official property of the green-clad campers.

John D. Russell, president of the MP Rotarians, made the short presentation address. Karen Paxton of Menlo Park, member of Girl Scout troop 15, accepted the craft house in no more than 88 words. Climaxing the dedication was the placing of the plaque by two "Raccoon" unit campers, Toni Hanson and Brenda Reich, following which Mrs. H. F. Coykendall, chairman of the camp committee, gave a brief note of appreciation.

Work on the 20 by 30 foot crafts house began around Easter time, according to Rotary participant Mark Cotton. The Girl Scouts had come to the men's group for help, which the Rotarians immediately gave them, trekking to Woodhaven, situated near La Honda, every Sunday for five weeks.

The Rotary club paid for all material used in the project, and J. C. "Bud" Daveiport made use of one of his trucks to haul lumber and tools into the camp site.

PARTICIPANTS

Workers who weilded saw and hammer were Davenport, Cotton, Harry Foley, with his sons Michael and Peter, Mel Homfeld, Vic Greisser, Herm Anderson, Art Wilder and Henry Broderson.

During the course of their work, some of the Rotarians experienced minor mishaps. Cotton explained that one day when he stepped back to admire a piece of labor, he stepped into a nearby brush-filled creek, and disappeared from sight.

Broderson received a slight hit on the head with a portion of lumber,

(Continued on Page 2)

Among Other Things:

City Planners Oppose One Subdvision Plan, Grant Two Use Permits, Set Hearings

With only a bare quorum available, the Menlo Park planning commission Monday night waded through a morass of business held over from last week's meeting, in an effort to clear up their present agenda before a new one is upon them.

Among other things they:

1. Directed a letter to the county planning commission, stating their opposition to a subdivision layout at Cloud avenue and Sharon road, just outside the city limits.

2. Decided that the teaching of voice, accordion and piano was a legitimate home occupation.

3. Approved the design of a proposed sign to be placed in front of a store at 1081 El Camino Real, with conditions.

4. Tabled a scheduled review of plans for a playground to face Hetch Hetchy way, Belle Haven, pending submission of the plans by the city recreation commission.

5. Denied a request of the Bay Park builders, which would have allowed construction of a duplex zone in block 26, Belle Haven.

6. Set Sept. 8 as date for hearing on a proposal by Berendsen and Pearson, asking permission to construct a store building, with adequate offstreet parking at Willow road and Chestnut street.

7. Denied a request for permission to erect a commercial building facing Willow road, between Newbridge street and Hetch Hetchy way.

LATE START

Though three regular members of the commission were present at 8 p. m., official actions could not be taken until 9:45 p. m. At that time City Attorney James T. O'Keefe Jr. arrived. Mayor Charles P. Burgess, second ex-officio member of the board, was also present, and with O'Keefe's arrival a quorum was on hand.

Harrison Johnston presided in the absence of regular commission Chairman Charles Andrews.

TOO LATE

The resubdivision outside the city limits was referred to the Menlo Park agency too late for disapproval before the county planning commission's last meeting, but planners registered their protests anyhow.

The proposed subdivision includes nine lots, some rear lots connected to the street by easements, rather than cul-de-sacs.

The subdivision has been approved by the county planning commission, but work is "frozen" pending outcome of the Menlo Park Sanitary District's forthcoming bond issue election.

Application for the permit to teach vocal and instrumental music was submitted by Betty K. Hamilton, 1208 Hollyburne avenue. A use permit for the home instruction was recommended.

CONDITIONS

Approval of the proposed sign at 1081 El Camino Real was granted to Williams Ernst, representative of a breakfast nook manufacturing company, on condition that it exceed no more than 30 square feet and be constructed of plywood.

Ernst characterized the sign as temporary, and had originally asked permission to put up a canvas sign of larger size.

Approval of the playground in Belle Haven could not be given, since plans had not been forwarded by the city recreation commission in time for the meeting.

The request, under the city's interim zoning ordinance, to allow construction of the duplex in Belle Haven, was denied after Planning Consultant H. F. Wise reported that the city's proposed master plan calls for single-family residences on the affected block, though there are duplexes on adjacent ones.

Since adoption of the master plan, the area has been assigned several proposed classifications; however, Wise reported, recent construction on the block has been of the one-family residential type.

CONFORMS TO PLAN

Use permit for the proposed three-unit, 60-by-65 foot store building at Willow road and Chestnut street was granted after Wise reported that the plan conformed in every respect to provisions of the city's proposed master plan.

The plan also calls for parking in the rear, facing Chester street, and for an addition to an existing store building in the same commercial zone.

Request for permission to construct the store building further east on Willow road, which was denied, was submitted by W. P. Goodenough. Under the proposed master plan, that area is to be used for multiple-family dwellings.

Crafts Center . . .

(Continued from Page 1)

and both Foley and Wilder were scratching themselves for weeks as a result of poison oak.

FACILITIES

The crafts house itself is a one-room building, open at one end and half-open on the other three sides. Inside, there are four work tables for the Scouts and two benches along the length for storage and seating.

Crafts taken up by the girl campers include flower pressing and framing, copper work, linoleum cutting and clay modeling.

One of the crafts counselors, Robin Fincher from Redwood City, hammered the brass plaque which reads, "Gift of the Menlo Park Rotary Club — 1952," and which now graces the entrance of the building.

TWIN DAUGHTERS

Mr. and Mrs. Gary Van Houten are the parents of two baby girls, born two weeks ago at Palo Alto hospital. Both weighed about 4½ pounds at the time of birth.

Master Plan Opponents Meet, Make Surveys

Members of the Property Owners' League for Opposition to the Master Plan for the Central Business District were to meet last night to discuss possible alternate plans for development of the area.

Members of the League's executive committee were to ask whether the group, as a whole, should draw up a single master plan proposal or whether the individual members of the organization should suggest individual recommendations.

The group as a whole is continuing its opposition to the proposed master plan submitted by City Planning Consultant Harold F. Wise, the latter now the subject of hearings before the Menlo Park planning commission.

The commission has already held one hearing in regard to the "central business district" layout proposal; a second hearing on the plan for that area will be held Aug. 25.

Meanwhile, Publicity Chairman Mrs. Katherine MacLean said this week, the property owners' group is continuing to make unofficial surveys of the use being given the city's existing parking plaza, and a second unofficial survey is being conducted to determine the cost of acquiring the land which, according to Wise's proposed plan, will be needed for about 3000 cars.

PLAN CANVASS

Mrs. MacLean said that her group was going to canvass the area bounded by Oak Grove and Menlo avenues and University drive and El Camino Real, in an effort to determine the "asking price" of the land which would have to be acquired by a special assessment district if Wise's plan were to be adopted without modification.

The property owners' league contends that the existing parking plazas are not fully used and that the condemnation of more land for parking would be "confiscatory."

A check with owners of property facing the south side of the 600 block of Oak Grove avenue shows an "asking price" of $290,000 for that parcel, Mrs. MacLean said; Wise's estimate of the cost of purchase of that parcel is less than $100,000.

NPA Residents Group Lauds Master Plan

The executive committee of the North Palo Alto Residents' association last week put itself on record as approving the principles of the city's proposed master plan.

In a letter to the city planning commission, corresponding secretary James B. Snowden, said the executive group called for immediate adoption of a 7000-square foot minimum lot size for residential areas of the city, besides voting for the principles of the measure.

Snowden's letter stated:

"The residents' association executive committee approved the master plan in principle, by a vote of 11 in favor, plus two abstentations, at a (recent) meeting at the home of John R. Chaffet, 208 Concord drive.

"It was also voted unanimously to ask the city council and pla committion to initiate legislat questing immediate action on tion of the 7000 square foot mi residentia lot size . . .

"It was believed that some nical revisions might be nec in the master plan as a whol this would not stand in the w approval of the principle, wh certainly a step in the direct long range planning in anticip of future requirements."

'Holding the Line'

Sequoia HS District Budget Sets Record; Still Lowest in County, Say Officials

Sequoia High School District administrators last week adopted a final budget of $1,944,358 with which to finance the district's operations for the coming school year but, they pointed out, the district is still attempting to "hold the line" in behalf of the taxpayers.

Though the budget is a record one, being about $563,162 more than that of last year, the south county agency will have the largest enrollment of any high school district in the county, with more than 4000 students anticipated.

"Per unit" cost of instruction—that is, cost of education for each student for the coming year—will be the lowest in the county, figures supplied by District Superintendent Dr. Clyde Ogden indicate.

The district's budget is to be financed by a tax rate of 82 cents per $100 assessed valuation, though the district in elections last May, was allowed a permissive tax rate maximum of $1. Thus the trustees are using only eight cents of the 25 cents over the previous legal maximum of 75 cents which they are allowed, Dr. Ogden points out.

CUT COSTS

The district's budget has been cut from a $1.02 rate last year.

Only one other high school district in the county has had a lower tax rate in both 1951 and 1952, Dr. Ogden points out. That's Pescadero high school district, in which there are 34 students enrolled. Still, the "per unit" cost of education is high in that district.

Dr. Ogden supplied the following "per unit" costs for the county's high school districts, based on last year's budgets:

Sequoia, $387; Half Moon Bay, $676; Jefferson, $533; San Mateo, $890; Pescadero, $1010.

"Applying figures of the coming year's budgets in the same manner, we will again find Sequoia High School District at the bottom of the ladder," the superintendent said, "though a final figure can not yet be set."

The Sequoia district's reduction in rate is the largest reduction of any school district in the county, Dr. Ogden says.

NPA Lot Cutup Still on Feet After 5th Round

The long-battered request of J. R. Boysel, 511 Pope street, for proposed resubdivision of two lots came through another public meeting on Monday night—still with no final determination taken on its fate.

Originally recommended by the planning commission in a 5 to 2 vote early in June, the proposal ran into opposition from the North Palo Alto Residents association when it came up before the city council. The council postponed action at that time because Boysel was not present to present his side of the case.

At the next meeting of the council, with Boysel present but no one to speak for the association, the matter was sent back to the planning commission for further study on grounds that the public protests had not been aroused or heard until after the commissioners had registered their divided decision in favor of the request.

A week ago Monday the matter was back on the city planners' agenda.

Coming up before them again this week, the request was once more tabled for further consideration. With a bare quorum of the commission in attendance, acting Chairman Harrison Johnston explained:

"In fairness to the applicant, it it should be pointed out that two of the planning commissioners who voted against the proposal originally are here tonight."

Boy Loses Faith In Santa Legend

Seven - year - old Emmett Snellgrove of Menlo Park is positive Santa Claus won't visit one home near his this Christmas, at least not down the chimney.

Today, Emmett, son of Mr. and Mrs. Claude Snellgrove, 1987 Camino de los Robles, knows old Saint Nick won't come down the chimney because Emmett tried it Monday night and got stuck.

After an older boy, who later said he was afraid to try it, dared Emmett to climb down the smoke stack on the partially finished house, Emmett made progress until he tried to get his head past the damper cover. It closed under his chin and Emmett was unable to get out.

More frightened that his parents would find out he had been playing in a house under construction, which they had warned him not to do, Emmett sent the other boy home for a screw driver to loosen the damper. When Emmett's mother questioned the other boy about the whereabouts of her son, she found out about his predicament.

Mrs. Snellgrove promptly called the Menlo Park Fire District for assistance, and summoned a neighbor, Henry Jacobs. Jacobs was able to free the youth before the firemen arrived.

New Stores...

(Continued from Page 1)

informal approval of the planning commission prior to this week's meeting.

Owner of the new $25,000 structure, to be built at 561 Oak Grove avenue, is to be C. Zunino. Outside dimensions will be 46 by 80 feet, and present plans call for thwo store units of equal size, with a removable central wall so that the building can be converted to a single, larger store.

HOLTZINGER BABY

Mr. and Mrs. William Holtzinger of 928 Oak lane are the parents of a girl, born Aug. 2 at Sequoia hospital.

Medical Center Plans Second Story Office

The Menlo Medical Center, 1111 University drive, is "getting up in the world."

The center Monday night won approval of the city planning commission for construction of a second-story office over the central portion of the present building.

The new "top floor" will have 616 square feet of interior office space, according to business manager Robert Starkweather. The building was originally constructed with the idea of building the second floor addition, and foundations are adequate to hold it, he explained.

City Planning Consultant Harold F. Wise reported that, since no new employees will be added, no parking problem will result.

Sanitary District Sets 23c Tax Rate

Menlo Park Sanitary District trustees Monday night set a tax rate of 23 cents per $100 assessed valuation with which to finance operations during the 1952-53 fiscal year.

The rate is expected to yield an income of somewhat more than $60,000, Sanitary District Superintendent Cedric Webster explained yesterday. That sum is required for the district's operations; major "capital improvements" are not to be financed out of the tax rate.

The rate was set at a regular meeting of the board. For the first time in sevtral months, there was no audience.

In other actions, the district directed a letter to the North Palo Alto Sanitary District, stating that the Menlo Park district would charge $532.78 per month for treating North Palo Alto sewage at he former agency's treatment plant, when the plant goes into operation.

Hearing Set On Phone Office Permit

The Menlo Park planning commission Monday night set Sept. 8 as date for hearing on issuance of a use permit for Pacific Telephone and Telegraph company's proposed $800,000 accounting office between Santa Margarita and Santa Monica avenues, east of Middlefield road.

The planners recommended rezoning of the land to "professional zone" classification last week.

Monday night's action was taken after Mayor Charles P. Burgess reported that the telephone company had until Sept. 30 before its option on the property expires, and desired to have "something definite" on the project by that time.

At last week's hearing, after which the rezoning of the land was recommended by the commission, area residents protested against certain phases of the project. These were, principally, the traffic patterns which would be created by employees entering and leaving the grounds by way of the two avenues.

Residents asked that some method of leaving access to Middlefield road be considered; however, the land adjacent to Middlefield between Santa Margarita and Santa Monica avenues is owned by Fred and Herbert Mills. They have indicated they do not wish to sell that portion of their property at this time.

HEARING SET

Meanwhile, the city council Tuesday night set Aug. 26 as date for hearing on the rezoning of the property.

JUNIOR NATIVE DAUGHTERS

The Menlo Park unit of the Junior Native Daughters of the Golden West will hold a meeting Saturday morning at 10:30 a. m. in the auditorium of Central school.

Auto Swapper Held To Answer in RC

Quiet, attractive, 23 - year - old Yvonne Dal Santo, who bluffed her way into a new convertible automobile for a vacation trip and left two used car salesmen more cautious of a woman's ways, was to answer in Redwood City's superior court today where she will be arraigned on two charges of grand theft.

The arraignment will be on information prepared by the district attorney's office. The date for her trial probably will be set at that time.

Miss Dal Santo still is cooling her heels in the county jail since her arrest in San Diego July 28, and her return to Redwood City Aug. 2.

KEEP FIGHTING!

Four letters to the editor this week—across the page—set forth views generally in opposition to the proposed master plan as it affects the city's central business district.

Although we favor the master plan, we are delighted with these expressions from our readers. Mrs. J. A. Morris declares she does not feel implied prices for lots to be acquired south of Santa Cruz avenue are fair and she intends to fight for her rights.

We wish Mrs. Morris and all her co-fighters the sincerest best of luck. Only so long as the people of the nation are ready to fight on every level for what they consider their rights can we be assured that the freedom of this nation and the continuance of responsible government is safe.

Unanimous agreement on any issue is a danger signal. It warns of complacency and stagnation. No man has ever proposed anything that could not be improved upon.

It is only through the vigorous promulgation of conflicting viewpoints that progress is achieved. So long as we all keep fighting for our "rights" and our ideas, not through actual combat, but through fair debate and due process of law, we can be certain that the ultimate decision will be a good one.

The city will not, we feel sure, attempt to "take anyone for a ride." This newspaper will always oppose any action that we feel is not fair and just for any group or individual.

We believe the master plan proposal for the central business district is the key to the future prosperity of this community. We believe the theories behind it are sound. We believe it will benefit every resident of Menlo Park and will work to maintain high property values throughout the city.

But we would rather see the entire plan junked than to have it pushed through with injustice to any one individual.

What remains to be agreed upon is the interpretation of injustice. Where acquisition of land is concerned, a "fair" price is the crux of the matter. The city has not yet established official appraisals. Until such time as this is done, we cannot say whether we believe them to be fair or not.

But meanwhile let's all "keep fighting", and whatever the outcome, we are confident it will be for the best interests of the city.

Atherton Issues 12 Permits During Week

The town of Atherton issued 12 building permits during the week of August 1 through August 8, authorizing a total of $50,481 worth of construction. The permits included:

RESIDENCES

John R. Schumacher, owner and builder; 69 Lloyden drive; $10,000.

John T. Huss, Jr., owner; day work; 137 Hawthorn drive; $30,000 (including swimming pool).

OTHER PERMITS

T. Q. Focte, owner; Charles R. Terry, builder; garage at 262 Camino al Lago; $975.

J. R. Parker, owner; day work; bath house at 91 Stockbridge avenue; $135.

A. F. Meyer, owner; J. C. Davenport, builder; car port at 163 Almendral avenue; $750.

George R. Keller,owner; day work; swimming pool at 161 Hawthorn drive; $3000.

Henry Wolf, owner; Standard Roof and Construction, builder; re-roofing at 472 Selby lane; $1761.

John C. Worsley, owner; Standard Roof and Construction, builder; re-roofing at Tallwood court; $1260.

John Dusel, owner and builder; addition to dwelling at 83 Alexandra avenue; $1000.

E. Gannon, owner; Schmaling and Stenbit, builder; addition to dwelling at 86 Broad Acres road; $1500.

George L. Baker, owner and builder; storage building at 2 Moulton drive; $100.

SF Man Hurt Badly In Bayhore Mishap

A 65-year-old San Francisco man suffered severe injuries Tuesday afternoon, in a headon collision on Bayshore highway near Marsh road. Two other persons involved were taken to Sequoia hospital for treatment of lesser injuries.

The seriously injured man was Hans Bayer, 65, of 954 Florida street. He was a passenger in a car driven by his wife, Elsie, 60, which collided with an auto driven by Franklin Daniel Conway, 31 of San Mateo.

According to the highway patrol, the Bayer car was northbound on the highway when Mrs. Bayer apparently fainted at the wheel. Bayer reached over and turned off the car's ignition, but not soon enough to avoid the vehicle's rolling across the center line, ioto the path of Conway's car.

The Week in Menlo Park Traffic

The following is a report by the Menlo Park police department on traffic arrests and accidents for the period Aug. 5 through Aug. 11:

Citations:	
Speeding	109
Arterial stop	3
Passing signal	30
Crossing barrier	5
No driver's license	16
Pedestrian right of way	1
Passing on right	1
TOTAL	165
Accidents:	
Property damage	1
Injury	0

Tickets Available

A few tickets remain available for a bus trip to the San Francisco '49er-Chicago Cardinal football game to be played at Kezar stadium, San Francisco, Aug. 24.

The chartering is being sponsored by a group of local '49er fans. Charles Baker, a member of the group, said that additional information may be obtained at the Menlo Park bus ticket office, 1181 El Camino Real, DA 2-2024.

Your City's Business

More on Protests To Plan

By MAYOR CHAS. P. BURGESS

Last week this column discussed the objections to the proposed master plan raised by persons whose presently commercial zoned property was proposed to be rezoned to residential.

Another important protest is with respect to the plan for the central business district. The major part of the objection is from persons whose present commercial or residential property is under the plan to be taken for parking.

Other objections are to the proposed conversion of Santa Cruz avenue between El Camino and University avenue to a pedestrian mall, and to the attendant heavier traffic flow that would occur on Oak Grove and Menlo avenues.

There can be little question, in my opinion, that the proposed central business district plan is good and would make Menlo Park an outstanding shopping center.

The objections to the pedestrian mall will prove, I believe, largely unfounded if the idea is tried. It should in fact, result in a large increase in shoppers.

The additonal parking is needed beyond any question, for our first parking plaza is just adequate for the amount of commercial development now existing. The full development of the present commercial zoning will require more offstreet parking than our two municipal parking plazas now provide.

The controversy over the closing of Santa Cruz avenue is much ado about nothing. It can be done for a trial period and if it doesn't work out it can be opened again. In all events, it would logically be a last step after further development of the central business district.

It is essential that a further program of offstreet parking be carried out in the central business district, particularly on the southerly side of Santa Cruz avenue.

We know from the experience of shopping centers throughout the nation that our parking ratio is grossly inadequate for the amount of commercial zoning.

Moreover, we are no longer competing with Palo Alto where the parking problem appears hopeless of solution. We must now prepare to compete with the projected shopping center on Stanford property which will be of modern design and have a much higher ratio of parking to commercial use than even our master plan contemplates.

In short, unless we can improve our shopping setup, the department and other large stores we need to make a self-sufficient center may never materialize, and our business property will drop in value instead of continuing to rise.

Next week this column will discuss the moral and other issues raised by those who oppose the plan for the central business district.

Letters to the Editor:

Properly Owners Reply to Editorial, Explain Opposition to Master Plan

Editor
The Recorder:

I have just read your editorial of August 7th suggesting that people write you a letter stating their views. I wish to state why we are protesting the Master Plan.

Being one of the property owners in the area south of Santa Cruz avenue and losing all our property if the Master Plan goes through, we don't like the idea.

From University avenue to Doyle street are five blocks with homes and some places of business. The Master Plan takes most of those five blocks, and the property facing on the east side of Doyle street for parking. In this tract there are groups of vacant lots that could be used for parking without disturbing the homes of these people. This territory isn't raw land and these people have lived here for years.

You speak of inequities. A sample of that is on page 78 of the Master Plan. For the Central Plaza south of Santa Cruz Ave., they have allowed for the acquisition of those properties $95,000. There are fourteen lots in that proposed plaza and at that price the people will be allowed less than $7000.00 for their property.

When we bought our lot in 1923 there was only $200 difference in the price of our lot and a lot on Santa Cruz Ave. We did not wish to be on a main road so we chose one in the inside. We all know what Santa Cruz Ave. property is worth today. Do you think that above mentioned estimate is a fair price for the property in this area? Well, we don't and we intend to fight for our rights.

You tell us we can take what we get and invest it. We couldn't even have a home at that price.

I believe the people in Menlo Park don't realize what will take place if this Plan goes through. They think it will be fine to have more parking but they do not understand what this plan will do to over forty homes and businesses in this area. They will all be forced from their properties and what can they buy for the small amount to be given them?

I can't see where there is any glory to the idea that Menlo Park is the only city on the Peninsula without parking meters. Why not have parking meters and let everyone pay a few cents for parking spaces. The proceeds from these installed meters could then be used to purchase additional land for parking from people who wish to sell, and not make the people in this tract pay for parking lots with their life earnings.

If we should give in without a fight we would be just as big suckers as the fellows that sold the cars without the "pink slips."

Mrs. J. A. Morris
1055 Chestnut street.

* * * *

'Ridiculous'

Editor
The Recorder:

Your editorial of Thursday, August 8th is without a doubt as ridiculous as you have yet put out. Just what were you trying to point out?

Was it perhaps that the young lady without the pink slip got a ride out of her deal? If so, your parallel was quite right.

The land owners in the central business district are really being taken for a ride—a nice long one, like the young lady had—when they get there they will have just what she had: **exactly nothing.**

It is my personal opinion that this central business district plan will completely ruin the business district with no hope of it ever being anything more than a stuffy narrow little neighborhod shopping area.

Elisa Boetto
1372 El Camino Real.

* * * *

'Food for Thought'

The Editor, Recorder:

Your editor's story of the "pink slip" is indeed good food for thought. The planning commission should think about that. They are like the girl without the 'pink slip,' who couldn't go far.

I am the girl who has the "pink slip." I represent the owners of about ten valuable commercial lots. We are holding the pink slips until such time as the city or anyone else agrees to buy them for our asking price.

This is not a future price as your editor is afraid we will ask, nor is it cost-plus-interest as implied by the planners in their promise to deliver them to ther property owners at bargain rates.

In the interest of the over-all good, we would relinquish them at the full present market value as of the date of sale, not to be arbitrated, nor have any part of them lopped off. This is the so-called fair price.

We realize that Oak Grove will need to be widened, and we suggest that a front set-back be established wide enough so as to provide for this widening of the street now, or when necessary.

As Mayor Burgess thinks the planners will not "Give us consideration" as they will Willow road, then we will just have to "Go it alone" and sit on our 'pink slips."

Katherine R. MacLean
2036 Liberty Park avenue
Menlo Park.

* * * *

Who Gets 'Taken'?

Editor
The Recorder:

I read your editorial "Who's Got the Pink Slip" which appeared in your Aug. 7 issue, and when I finished it over again because I did not find the parallel you were trying to make.

The only conclusion I can come to is that someone was "taken" by the girl and that the property owners are about to be "taken" by this ambitious, arbitrary Master Plan.

In my desire for a master plan I don't want just a ride for the things I've worked and saved for but rather a conservative, realistic, workable plan that is economical and sensible.

I do not approve of high pressure groups, Super - Planning Commissions of Hybred Planning Consultants. Nor do I believe that their plan for the Central Business District is to the best interest of the property owners or for the people of this fine community.

Peter L. Raugi
Victorine Raugi
17 Maple avenue, Atherton.

Editor's Note: The second hearing on the central business district portion of the proposed master plan will be held before the city planning commission at 8 p. m. August 25.

Menlo Building Barometer

Seven building permits, authorizing a total of $35,400 worth of construction, were issued by the City of Menlo Park during the week ended Aug. 11. They included:

COMMERCIAL

C. Zunio, owner; J. & M. Builders, builders; new store building at 561 Oak Grove avenue, $25,000.

OTHER PERMITS

Mrs. S. Ferrando, owner; day work; residence addition at 101 O'Keefe street, $3000.

G. E. Klien, owner; C. R. Terry, builder; hobby shop at 216 Hetch Hetchy way, $1000.

Andy Markle, owner; Standard roofing, builder; residence alterations at 918 College avenue, $1000.

W. J. Poland, owner and builder; new carport at 945 Rose avenue, $400.

S. E. Hilberger, owner; day work; patio shop at 212 Durham, $2000.

G. H. Bunyan, owner; E. Bongio, builder; residence addition at 1220 Hermosa way, $3000.

Tickets on Sale For August 30 AWVS Dance

Tickets for the Peninsula AWVS' outstanding annual event—the Peninsula Prom — are now on sale at the county Fiesta and at the Menlo Park Servicemen's center on Santa Cruz avenue. The dance, featuring music by Del Courtney's hotel orchestra, will be held in the Bay Meadows club house (donated for the evening by Bill Kyne) Saturday, August 30, from 9 p. m. to 1 a. m.

Mrs. J. H. Franklin is the Menlo-Atherton unit chairman for the dance, in which all Peninsula groups are cooperating under the direction of State AWVS Chairman Mrs. Helen Lengfeld.

Besides the dancing, there will be refreshment and sandwich concessions at the clubhouse. Tickets for the Prom may be bought at the door.

Dance proceeds will go to benefit the many local and state AWVS programs, several of which are exemplified in this area alone. AWVS volunteers staff and maintain the canteen at Veterans hospital in Menlo Park, as well as supervising and raising money for the Armed Forces Recreation center on Santa Cruz.

Supplementing funds for the Rec center all year long is the AWVS-staffed Thrift Shop adjacent, which sells useable secondhand merchandise at reasonable prices.

Other AWVS projects include aid to physically handicapped veterans, youth work, community service, civilian defense and help in time of local emergency. All services rendered by the AWVS are non-paid and are voluntary. Ordinarily, each local unit carries a separate project or projects, but all are combining forces for the August 30 Peninsula Prom.

St. Anthony

PLANS FAIR

Plans have now been completed for the fourth annual carnival sponsored by St. Anthony church parishioners, and to be held from Friday, October 3 to Sunday, October 5, on the church grounds at Fifth avenue and Middlefield road, Redwood City.

New and entertaining concessions and booths have been promised by the committee, which includes chairman John Rooney, Joseph Conway, president of the St. Anthony's club, Ben Duffy, R. Elizondo, J. Fachin, Gordon Gehrke, Mr. and Mrs. Louis Hack, H. Kavanaugh, Mrs. J. Rooney, Mrs. J. Siker and Mrs. E. Thiele.

Innovation at the three-day fair will be the game called "Fortune Capsule." Other concessions will include a "ham," a "Panda," rides for the youngsters and a hamburger stand.

On Sunday afternoon — closing day—a ham dinner will be served, with more information on time forthcoming.

The Officers Currell Welcome Baby Marilyn

A baby girl, who was born Aug. 5 at Palo Alto hospital, is the latest addition to the family of Mr. and Mrs. Lauthlin Currell, 1376 Madera avenue, Menlo Park.

The baby, whose father is an officer with the Menlo Park police department, "weighed in" at 6 pounds 13 ounces. She has been named Marilyn Dohreen.

The new daughter has two brothers and two sisters: David, 9½; Ronnie, 4; Diana, 3 and Cynthia, 7.

Baby Marilyn and her mother, Mrs. Gail Currell, returned from the hospital late last week and were described as "doing fine" by Officer Currell.

Home from Squaw Valley

The Americo Bonoras of Atherton, with their little boy, Tony, took off three days last week to visit Squaw Valley. There was still a large patch of snow, Mrs. Bonora said, and some more snow on the mountain crest, but not enough for really good skiing.

The Bonoras—husband and son—did, however, go fishing, and caught about half a dozen fish between them.

At Weltners' in Woodside Heights:

Panhellenic Tea Set for Saturday

This Saturday afternoon at 3 p. m. a group of college coeds will show their campus wardrobes to an assemblage of June high school graduates and their mothers. The tea and fashion get-together is sponsored by the Palo Alto city Panhellenic, and will be held at the home of Mrs. C. B. Weltner, 394 Eleanor drive in Woodside Heights.

College models include Joan Minkler and Leslie Ann Robinson, University of Oregon; Mary Agnes Garrecht and Lou Seibert of Oregon State college; Chickie Rumwell and Mary Spears of U. C. L. A.; Mary Ann Dankwerth of the University of Arizona.

Sue Pierce, Barbara Heine and Pat Read will represent the University of California; Meredy Manning, University of California at Santa Barbara; Margo Allen and Marilyn Munson, University of Colorado; Joyce Webster of Whitman college.

Audrey Turley is the coed from Washington State college; Caroline Fink, Alice Prim, Janet Best, Donna Van Horn, Marilyn Ahlenius and Barbara Lindquist, San Jose State college.

Mrs. James F. McCarthy Jr., Delta, Delta, Delta, is in charge of the models.

In addition to the display of clothing desirable on various campuses, the coeds will be available for information of college social life and studies. Tables of material concerning both colleges and sororities will be set up for the benefit of the recent high school graduates planning to further their education.

Mrs. Edward F. Mansfield, chairman of the refreshment committee, will be assisted by Kappa Alpha Thetas Mrs. Frank Zack, Mrs. Dee Rowe, Mrs. Robert Heslacher, Mrs. Henry Kinsell, Mrs. Robert Mann, Mrs. L. N. Duryea and Mrs. Clark Krelle.

AT THE C. B. WELTNER HOME—Three coed models pose on the steps of the Woodside home of the Weltners, where the Panhellenic tea and fashion show honoring June high school graduates will be held from 3 to 5 p.m. this Saturday. The undergrad mannequins are (left to right) Sue Pierce of Menlo Park, University of Southern California; Janet Best of Menlo Park, San Jose State college; and Carcyn Fink of San Carlos, also attending San Jose.—Recorder photo.

Menlo Park Recorder
AND GAZETTE
ORGANIZATION AND SOCIAL NEWS

Church 'Teenagers Slate Play

"A Sunny Morning" in Madrid, Spain, will be portrayed Friday, September 12, by the 'teen age members of the Presbyterian church Westminster Fellowship. The play is scheduled for only one performance, and that at 8 p. m. in the Menlo Park church social hall.

Rehearsal for the Fellowship has already begun, and the cast of characters assigned, under the direction of Mrs. William Evans and the assistant direction of Ken Whitcomb and Carol Fogel. Costumes and settings will be done by the youngsters themselves.

The principals are Bill Mills cast as "Don Gonzalo"; Mike Defty, "Junito," Don Gonzalo's manservant; Sue Severin, "Dona Laura"; Paula Tace, "Petra," Dona Laura's maid servant.

Also on the 'teenage group's agenda was the annual swimming party, held Wednesday night at Harker's pool, and followed by refreshments at the home of member Barbara Zender.

Donald Chaney of MP Claims Millbrae Bride In Sunday Ceremony

Donald Earl Chaney of Menlo Park claimed Doris Elaine Tacchella of Millbrae as his bride Sunday in 4 p. m. rites held at St. Dunstan's Catholic church, Millbrae.

Frances Domini of Burlingame, a good friend of Doris', sang the selections for the ceremony.

The new Mrs. Chaney, who was given away in marriage by her father, William P. Tacchella, wore a white tulle and lace ballerina length gown. A juliet cap topped her fingertip veil, and she carried a bouquet of stephanotis with white orchid center.

Sole attendant for the bride was her sister, Phyllis, who was dressed in a pale blue tulle and lace gown with a stole to cover her bare shoulders. She carried a circlet of yellow carnations, and wore a crown of the same blossoms in her hair.

Donald's best man was Les Douglas of Menlo Park, while ushers were Tom Chaney, Michael Perotti and Clifford Anderson.

Following the wedding, guests were invited to a reception held in the Millbrae home of the bride's parents, where Mrs. Tacchella received in a navy blue faille suit with matching accessories. The bridegroom's mother, Mrs. Homer Chaney, was dressed in beige lace with black accessories.

After their return from a wedding trip through Northern California, the newlyweds will take up residence in Palo Alto.

Doris is a graduate of San Mateo high school, and her husband, whose parents are Mr. and Mrs. Homer Chaney of Menlo Park, attended Sequoia high school, then served with the marine corps in Korea.

Area Couple Wed Sunday

A small double-ring wedding ceremony held Sunday in Menlo Park's Church of the Nativity joined in marriage Barbara Sattler, recent Menlo Park resident, and Calvert (Cal) Rothenberg of Atherton.

The 4 p. m. nuptials were solemnized by Reverend J. Thomas McKeon.

Barbara, who was given away in marriage by her brother-in-law, Lieutenant Commander N. E. Lyons (USN), wore a blue-gray suit accented with white for the ceremony. She pinned on a corsage of white orchids, and carried a prayer book.

Serving at sole attendant was the bride's sister, Mrs. Lyons, dressed in a navy blue suit with matching accessories.

Following the wedding, a private family dinner was given in the Atherton home of the bridegroom's parents, Dr. and Mrs. Louis Rothenberg. From there, the young couple left on a week's honeymoon to Catalina.

Barbara, a graduate of Sequoia high school, is now employed with the National Motor Bearing company in Redwood City.

Her husband, also a Sequoia graduate, is studying surgical chiropody at the California college of Chiropody in San Francisco, where he is affiliated with Phi Alpha Phi and Phi Epsilon Delta. He has two more years of apprentice work in his field until he can claim his degree.

Both Barbara and Cal are members of the Menlo Players' guild, and it was this common meeting ground which brought them together.

They will have an apartment in Redwood City awaiting them upon their return from Catalina next week.

MP Girl Now WAVE Recruit; Perhaps She Will See the Sea

Navy recruit Clara Adelia Jordon of Menlo Park packed her ditty bag (or feminine equivalent) last Tuesday when she left for her first assignment in the WAVES. Her destination is the WAVE Recruit training center in Bainbridge, Maryland, where she will attend a nine weeks' indoctrination course.

Clara, 20-year-old niece of Mr. and Mrs. Carl Duncan, 946-6th avenue, had arrived last year from Iowa to spend a few months with her aunt and uncle. She hopes to become a dental assistant during her navy "hitch" of four years.

A CRUISE

The "women in blue" are noted for taking over the routine office work for their male comrades-in-arms; so, therefore, it is pretty seldom that a WAVE gets a chance to board one of the ships for a cruise. Such an opportunity was given the young women of this area, together with the press, about two weeks ago,

(Continued on Page 7)

CLARA JORDAN

W-A Auxiliary Completes Carnaval Plans

Plans for the Carnaval en Rio party a week from this Saturday, August 23, are going into the home stretch now. The event, sponsored by the Woodside-Atherton auxiliary to the Stanford Convalescent home, and to be given at the Menlo Circus club, will start off at 12 noon with the horse show.

During late afternoon and evening such entertainers as Miguelito Valdes, the Hurtado Brothers' marimba band and Ray Hackett's orchestra will lend their talents to the Carnaval atmosphere — which, incidently, will be aided and abetted by Pan-American World Airways.

At 8:30 p. m., a bevy of professional models will show the fall collection of Howard Greer originals.

For dinner, buffet tables have been arranged with decor of floral merry-go-round and dishes both Latin and domestic, according to foods chairman Mrs. Ross H. Chamberlain. Tickets for the dinner may be purchased beforehand in Palo Alto.

Mrs. Holt Atherton, head of the cabana committee, has announced a complete sell-out of cabana space. Exhibits will feature furs, clothes, jewels, foreign cars, art and metal work, furniture, antiques and portraits. A local florist has promised a special display of floral extravaganza for the occasion.

Reports from decoration chairmen Mrs. Alden Ames and Mrs. Peter Monteith bode that the club grounds will be turned into a charming fairy landscape, and the horse show committee has announced that entries are pouring into them from leading stables throughout the state.

All proceeds from the party — to which the public is cordially invited —will be turned over to the Stanford Convalescent home, for the maintenance of beds there for recuperating children.

AWVS Style

SHOW FRI.

Another Friday fashion showing, sponsored by the Palo Alto area AWVS unit, is "on tap" for tomorrow night at 8 p. m. The going-into-fall ensembles will be modeled on the dais at Rickey's Studio club.

The "Sweetheart of the Oakland Oaks," otherwise known as Mrs. David C. Massey, or Donna Drew, is in charge of Friday's mannequins. Donna Drew, as Mrs. Massey is known in her radio and television personality, will also join the ranks of her models.

Hostesses are under the supervision of Mrs. Burt ("Skipper") Kendall, who with her husband and family, has just moved to Menlo Park from Palo Alto. The evening's hostesses will be Mrs. Kendall, Mrs. James W. McIver, Mrs. F. P. Hunchar and Mrs. Howard B. Hoyt.

EPA Dahlia Enthusiast Wins 24 Floral Awards

With 24 entries of dahlias in the county Floral Fiesta, Dirk Schroder of East Palo Alto managed to win 24 awards—18 blue ribbons and six "seconds." In addition, Mr. Schroder's Freida Gaylord dahlia—a pink beauty—was judged the largest bloom at the exhibit; it measured a hair's breadth shy of 14 inches.

Mr. Schroder, who grows the flowers as a hobby, has been at it now for about six years. He plants his tubers in April or May, and does quite a bit of hybrid experimentation.

One of the dahlia enthusiast's innovations, which he calls "DesCee," will be put on the market this fall.

Willow P-TA Board Will Meet August 26

Members of the executive board of Willow P-TA have been alerted to the first business session of the new year, scheduled to be held on Tuesday, August 26. The announcement was made Saturday night by president Mrs. Lloyd Hillman at a barbeque party for the exboard held at the home of Mr. and Mrs. Fielding McDermon.

'Teen Talk

By
ROXIE RASEY
DA 2-8201

There's no news tonight. 'Course they say "No news is good news," but in this case it means bad news. This week we just have a few "shorties"—odds and ends to most people.

* * * *

Last weekend, four of Menlo-Atherton's up and coming senior boys took a last quick vacation trip up Russian River way. We were surprised to see that "the river" was not as popular a spot this year, for this area's teeners, as it has been in the past. The "journeying four" were **Bill Mattern, Ozzie Pieper, Roger Staples,** and **Bim Beckman.**

* * * *

Camping out at the Tahoe area is just right for a person's last minute vacation—at least that is what **Mickey Singer** and **Joe Balsama** seem to think. The two are "roughing it" for one week.

* * * *

More notes on who's working where:

Wes Day is now "in business" at Montgomery Ward. **Marilyn Wagner** knows where her "pennies" are coming from—J. C. Penny, natch, where she is now a saleslady.

All girls are very clothes-conscious. If they don't buy them, they make them—and to get better acquainted with the fabrics for 'teenagers, **Connie Stelmak** is now at one of this area's popular dry goods stores. Going clear up to San Francisco every day can get tiring, but for vivacious **Susan Cook** it is all in a day's work. She is now working at the White House 'Teen shop.

Pete Defty is dong a very different type of work at a most different place. . . . He is in the saddle eight hours a day "riding the fences" on a big sugar plantation in Hawaii . . . more fun (?).

* * * *

One of our lucky summer vacationists has just recently returned from a trip to Oregon. **Georgialee Gayer** is the vacationist of whom we are speaking.

Also "up north" is **Judy Phillips.** Apparently she finds Washington the perfect vacation land.

Also off on vacation is **Nancy Roselyn,** who took to some unknown destination . . . getting away from it all.

Cow gal **Wilma Sprinkle** has just loped in from a ranch up near Redding, California.

* * * *

We sincerely hope that news "picks up" again next week. With so many of this area's 'teeners leaving for college and so many others getting ready to go back to the good old (?) halls of M-A, there should be some "farewell" and "getting together again" parties. Pleez let us know —for this column's sake!

Jackie Johnson Home From Library School

Jacqueline (Jackie) Johnson, daughter of Mr. and Mrs. Franklin L. Johnson, 605 Oak Knoll lane, has returned this week from Illinois, where she had been attending the summer session of the Library school at the University of Illinois in Urbana.

Jackie is a Stanford alumna, class of '52, who was graduated with distinction. She will return to Urbana this fall to complete her library work toward a master's degree.

ESTELLS ARE PARENTS

Mr. and Mrs. Gerald Estelle, 612 Cambridge avenue, are the parents of a boy baby, born Aug. 8.

BABY DAUGHTER BORN

A daughter was born Aug. 6 to Mr. and Mrs. Arthur Sargent of 29 Rosewood drive, Atherton.

NEW MP RESIDENT

A girl, weighing 5 pounds 7 ounces, was born Aug. 5 to Mr. and Mrs. Justice Young of 440 Arbor road, the birth taking place at Palo Alto hospital.

St. Francis Sets Bazaar for Fall

October 18 and 19 are the days set aside by parishioners of St. Francis church for their afternoon and evening annual bazaar, to be held on the church grounds, Euclid avenue, East Palo Alto.

Proceeds from the affair will benefit the church building fund.

Mrs. Thomas Payne is serving as general chairman with the Reverend Richard T. Howley acting as honorary chairman. Those in charge of the various booths are:

Mrs. Joseph Reginato, country store; Mrs. Rosalie Rowe, needlework; Mrs. Frances Papouschek, parcel post; Mrs. Roland Fitzgerald, ring toss; Mrs. William Rohner, cakes; Mrs. Victor Firpo, dolls.

Mrs. Louis Consani and Mrs. Elizabeth Cirth, hot dogs and soft drinks; Gilbert Tavares and Raymond Gabel, bingo; Mrs. F. C. McKenna and Mrs. Lloyd Sloan, fish pond; Mrs. Lena Molinari and Mrs. Karl Steck, ice cream. Mrs. Harold Rieben is handling publicity.

The men of the parish are building stands and booths for the bazaar.

LITTLE HOUSE

Today's Topic 'Photography'

This afternoon's lecture at Little House will be on "Vacation with a camera," given by Robert Collyer. The program starts at 2:15 p. m.

* * * *

Tomorrow night at 7 p. m., bridge and canasta games will be held, followed by refreshments. The 1:30 p. m. textile painting, art and sewing and knitting sections will be held on Tuesday.

* * * *

On Wednesday at 12:15 p. m. there will be a pot-luck luncheon and bridge and canasta.

* * * *

Little House, 930 Santa Cruz avenue, is a senior service and recreation center sponsored by the Peninsula Volunteers, Inc., for men and women over fifty years of age. For further information on the facility, call DA 3-1787.

Dolores Mattson, NDGW President, Appoints Committees

Delores Mattson, president-elect of the Menlo Park unit of the Native Daughters of the Golden West, has appointed her working committees for the 1952-1953 term. Main aim of her presidency, says the new head, is a membership drive.

Committee appointments are:

Americanism, Agnes Mosher; extension of the Order, Louise Murray and Marie Rogers; visiting, Grace Loverich and Inez Ferguson; Native Daughters home, Laura Bartels; publications, Bette Grass and Beverly Ring; veterans' welfare, Bertha Smith and Eleana Dwyer; young women's activities, Nancy Cowman.

The Ross McCanns of MP Host Texas Houseguests

Mrs. Ross McCann's sister and niece, Mrs. Vernon Stroup and Donna Mary Stroup, and friends, Mrs. Aulich Miles, with her son, Johnny Miles, were recent houseguests at the McCanns' College avenue home.

To fete their guests, the McCanns invited some friends last Saturday night to a cocktail and barbeque party held in their patio.

Mrs. Stroup had been visiting in this area for three weeks; the Miles spent four days here. Both houseguests left Sunday morning for Texas.

DEBONNAIRE CHAIRMAN

Burt C. Kendall, recent resident of Claire place in Menlo Park, has been named chairman of Les Debonnaires, a dance group comprising young couples from this area.

ECHO LAKE VACATION

Echo Lake was the destination for a week's vacation recently for Mr. and Mrs. Norman R. Johnson of Menlo Park and their daughter, Diane.

ON EUROPE HONEYMOON

RECENT NEWLYWEDS, Mr. and Mrs. Pierre S. Rhein (Patricia Mitau) are now honeymooning in Europe, from whence they will return to make their home in San Francisco. They were married July 28 in the Atherton gardens of the bride's parents, Mr. and Mrs. Martin S. Mitau. —Du Charme photo.

Grounds, Guests and Gowns Provide A Colorful Afternoon

By PROXY

Pastel-covered cartwheels of tables coasted off the **John S. Wicketts'** terrace (especially paved for yesterday's fashion show), down on to the front parking area and side terrace, and finally into the green velvet croquet court, as guests sat and sipped coffee, forked exquisite dessert and admired the new fall fashions of Saks Fifth Avenue.

The event was the Stanford club's annual style preview to raise money for scholarships funds, a wonderful excuse for Indian summer finery, worn by guests, the tables (which were topped with gay umbrellas), the Wicketts' Atherton grounds (which has been planted with a prismatic array of flowers) and contributed to by the merchants, who provided the candy, perfume and cigarette favors.

A four-piece orchestra from the Fairmont hotel "played" the models off-and-on-stage.

And as for the models, they carried off an exquisite Saks Fifth Avenue collection of Peninsula living-styled garments fashioned by such well-known designers as Davidow and Vera Maxwell, Sophie and Dior, Pierre Balmain and Mangone, Monte Sano and Renter . . . suits of knubby and imported fabrics were stressed with straight skirts, and a good deal of black velvet accentuation . . . an outbreak of novelty button trim . . . emergence of a true feminine cut . . . tiny jewelled hats for "after five" . . . and an extraordinary emphasis on rich and textured materials.

* * * *

Jan Ulrich, formerly of Menlo Park, and now a San Franciscan, showed a lovely green satin formal with draped bodice (the feminine look) . . . **Anita Sultan** chose an oxford gray skirt with a chartreuse sweater set for the informal mode of living . . . **Norma Hansen's** blonde good looks were accentuated by luscious black velvet . . . **Doris Barger** modeled a **straw** skirt, black, and woven in bands, topped off by a black jersey decollete blouse and mustard-colored waist cincher.

A barrel-shaped jacket with pencil skirt was donned by mannequin **Shirley Foster** . . . **Becky Connable** wore a black tailored cocktail gown, reminiscent of a man's tuxedo because of its white satin "dickey" . . . **Mary Mack** showed a Ceil Chapman cocktail dress of black organdy over self petticoat; the skirt boasted an outsized red rose, matched by red sequins in Mary's hair and eyelashes.

Dorian Crocker took to an olive green wool with a severely straight skirt, high neck and patrician-long sleeves . . . **Theo Spreckels** topped off her basic plain cocktail dress with a tiny sparkly hat . . . **Amy Sullivan** also emphasized her hat, an original velvet creation sprinkled with jewels and frosted with a tiny veil.

Seen at the show were **Mrs. Ralston Harvey, Mrs. Jack Hagen, Mrs. Arthur Younger, Mrs. Frederick Wickett, Mrs. James Zellerbach, Mrs. H. A. Phares, Mrs. E. W. Strohecker, Mrs. John B. Morrison, Mrs. D. P. Ryan, Mrs. Leonard Schiff, Mrs. J. F. Grass III, Mrs. Dan D. Robertson, Mrs. George E. Honn, Jr., Mrs. John Jorgenson, Mrs. Robert Schuler.**

* * * *

Five-year-old **Mary Agnes** baked a cake over the weekend for her father, **Lieutenant John Duff** of the Menlo Park Fire District, who celebrated his birthday Monday. Lt. Duff brought the tiny cake out at lunch time . . . on the top was written "Happy Birthday, Daddy!" (Mother helped out with that part).

Thompsons' Vacation Includes 'Clan' Reunion

The Moyer ("Tommy") Thompson family returned last week after an eleven days' trip which took them first to Pebble Beach where they spent the night wih the Jimmy Hatlos.

Next stop on the Thompsons' vacation was Newport—along the Redwood highway—where every year some 60 or 70 members of the Thompson gather for their annual two-day family reunion. The "clan" chartered the city hall for a party, then the next day adjourned to the city park for a picnic.

From there, the Thompsons motored to Portland to see relatives, to Mt. Hood and back to Red Bluff so that their daughter, Jan, could visit a senior classmate from her school, College of Pacific.

NATIVE DAUGHTERS of the Golden West, Menlo Park parlor 211, will hold their regular meeting Tuesday, August 19, at 8 p. m. in the "yellow room" of the civic center.

Portola Swim Party Slated for Today

The older children participating in Portola P-TA's summer rec program, with their parents, will enjoy an outing and swimming party this afternoon from 1 to 4 p. m., at Eitel's pool.

On Friday and Saturday, August 22 and 23, the annual weekend campout at Portola State park has been slated. All children planning to go must be accompanied by one parent, or placed under the direct supervision of another. Some of the fun which has been planned includes a campfire, community singing, folk dancing and swimming.

NEW STANFORD VILLAGER

A baby boy was born Aug. 1 to Mr. and Mrs. William Busse of Stanford Village.

ORDER OF THE EASTERN STAR, Menalto Chapter, will hold its regular meeting Saturday night at 8 p. m. in the "blue room" of the Palo Alto Masonic Temple.

Moore-Dasteel Nuptials Held

Richard Moore of Menlo Park and Isabelle Dasteel of San Francisco exchanged wedding vows and wedding rings Sunday afternoon during a small family ceremony held in the Arguello boulevard home of the bride's parents.

For her marriage, Isabelle wore a soft gray dressmaker suit of wool worsted, tailored in long, slim lines. She carried a bouquet of white orchids, which emphasized the all-white wedding decor.

The young couple left afterward for a one week wedding trip to Lake Tahoe, from where they will return to their Berkeley apartment on Oxford street, just three blocks from the Sather gate entrance to the University of California campus.

Both Isabelle and Richard are attending Cal, and will be entering their senior year there. Isabelle, daaughter of Mr. and Mrs. Herbert Dasteel of San Francisco, had announced her engagement earlier this year in the Kappa Delta sorority house, of which she was an affiliate.

The bridegroom, whose parents are Mr. and Mrs. Ross Moore of Menlo Park, is studying architecture at the U. of C., and is a member of the Phi Sigma Kappa fraternity. He was graduated from Palo Alto high school in 1946.

Isabelle's only brother is a twin, Herbert. Her husband has a sister, Linda, and a brother, Gary.

C. K. Eisler Family Recaps Experiences At Boy Scout Camp

The C. K. Eislers of Menlo Park returned home recently from what was to them a very memorable vacation. They and their two daughters, Martha Louise and Jeanne Kay, spent ten days with the director of Philmont Boy Scout camp near Cimarron, New Mexico.

The director, George A. Bullock, led the Eislers on a partial tour of the grounds, which cover, in toto, 127,000 acres. According to Bullock, there were 2200 Scouts there at the time, representing every state in the Union, except two. Boy Scouts in the Menlo Park area, Mr. Eisler noted, could also attend, if they contacted their local office, and got a group with two counselors lined up.

Each group of Scouts traveled from their home town to Philmont together, and camped together during their stay. Boys and counselors stay overnight their first night at camp headquarters, then walk or ride to one of eight base camps, where telephones keep in touch with main headquarters, and doctors and nurses stand by for emergencies.

The scouting groups then can work out of base camps, going as far afield as they desire, and living as primitively as can be done. Herds of buffalo still roam the tableland in the area, and other animals are plentiful, too—luckily the mesa is too high for rattlesnakes.

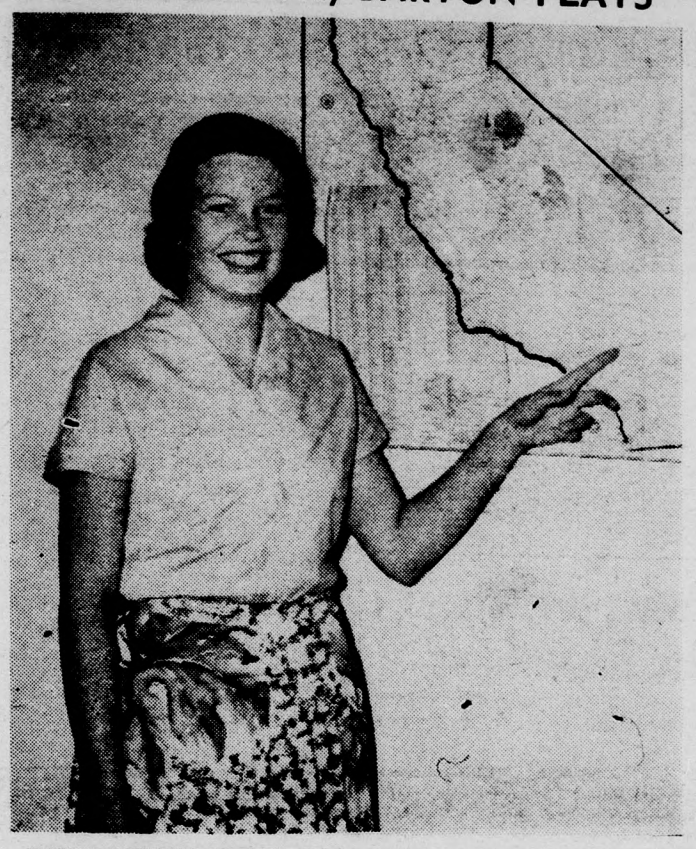

Back at the main headquarters of Philmont is a museum — the home where Kit Carson was born, containing his own furniture and equipment donated by persons all over the country, and preserved in much the same condition as it was at Carson's birth.

In addition, there is the Philmont training center, called "Big House," where scoutmasters attend a seven-days' training and brush-up course. During the Eislers' stay there, two Stanford area scout council men, Charles Dow and Elvis Frapwell, attended the commissioners' training course.

"Deep South" district Boy Scout commissioner William Rullhausen also returned recently from Philmont, with his family. He, too, was greatly impressed with the venture there, and reported that he could not "find enough superlatives in the vocabulary to do justice to the ranch and life there."

The 127,000 acres of scouting range, according to Mr. Eisler, was donated by oil magnate Waite Phillips, whose summer home has been converted into the "Big House." Phillips' original grant was 33,000 acres, which proved so successful that he not only gave Scouts the remainder of the land, but the Phillips tower building in Tulsa, to supply the needed income.

DESTINATION, BARTON FLATS

PAULA LAWSON, Menlo Park Wing Scout, points out her two-week camping site at Barton Flats near Glendale in Southern California. —Recorder photo.

Paula Lawson Heads for GS Regional Camp

Sixteen - year - old Paula Lawson will leave this weekend for her fortnight's regional encampment at Barton Flats in Southern California. Paula, a junior at Menlo-Atherton high school, was selected, together with another Girl Scout from Redwood City, to represent the Sequoia area Girl Scout council at the August 10-24 get-together.

Paula, the daughter of Mr. and Mrs. William R. Lawson of Menlo Park, is no newcomer to scouting. Eight years ago she began as a Brownie, and in 1950 when the Menlo Park Wing Scout unit was first organized, Paula became a charter member. So far this summer, the M-A junior has put in four weeks at Woodhaven Scout camp as program aide.

The Barton Flats encampment takes in all Scout representatives from Region 11, which comprises California, Nevada, Utah, Arizona and the Territory of Hawaii. The stated purpose of the camp is to provide an opportunity for the girls to make friends with other Scouts from the region; to discuss Girl Scouting together, and then to give them further experience in advanced primitive camping.

This "roughing it" involves knowing such things as how to build a fire and keep it going through different methods and through various kinds of weather. Then there is the issue of cooking and cleanup; cooking takes in basic beverages, cereals, stews, salads and desserts.

In addition, the girls must be able to establish a camp site, knowing caches, lashing procedure, and the manufacture of simple gadgets. Care and use of camp tools is stressed, too, since Girl Scouters must know how, and be able to wield a knife, hatchet, axe, bucksaw and or various digging paraphenalia.

The camp, which is situated near Glendale, is full of hiking and pack trip possibilities, with lakes, mountain streams and peaks, the latter up to 11,500 feet in height.

The camp-out was planned in cooperation betwen the Glendale-Crescenta Valley and the Central San Mateo county Girl Scout councils, with the national field staffs working in conjunction to arrange and plan the personnel and program.

Altogether, there are 23 senior Scouts registered for the encampment from 16 councils, covering San Francisco on the north end and from Phoenix, Arizona, on the east. Three staff members will be there also, one from California, one from Florida and one from Paris, France.

Bunting Family of MP Are Guided Through Ranger Station

A tour through a ranger look-out station in the Feather river country was one of the high points of the John A. Bunting family's vacation, from which they returned this weekend. Enjoying the trip with their parents were nine-year-old Susan and seven-year-old Sally.

The look-out tower, according to Mrs. Bunting, was situated on a rocky mountain peak approximately 7500 feet in elevation. The ranger had come into his room there toward the end of June, one month later than usual, and would continue to stay there hermit-like on 24-hour duty until the first of October.

The ranger showed the Buntings some of his equipment, which included a two-way radio for communication with other ranger stations and the main office; through such a system, the elderly "hermit" pointed out, fires in the area could be pinpointed.

It seems that during the two-week period prior to the Buntings' visit, 98 fires had been reported, 94 of them caused by the continual afternoon thunderstorms with lightning, and four of them man-made.

Danger of lightning was such, the Buntings were told, that during storms all windows and doors to the look-out station had to be closed, else the jagged flashes would come into the room via air current. In fact during one interview, the ranger said, he had inadvertently leaned against his metal cot (after warning his visitors against the same thing) and received a good-sized shock.

Vets Hospital Patients Exhibit at CCPT Booth

Miniature figures and furniture, made by patients of Veterans hospital in Menlo Park through occupational therapy, are among the displays sponsored by the 17th district California Congress Parents and Teachers at the county Floral Fiesta.

The exhibit has been arranged to illustrate various P-TA departmental functions and sponsored activities.

Mrs. Harry Caplan of Menlo Park, president of the district CCPT, was on hand Friday when the P-TA booth was opened. Other officers of the district, as well as local P-TA presidents have staffed the booth during the week, and will continue until the fair closes this weekend.

Today is Menlo Park, East Palo Alto, Atherton, Woodside day at the Fiesta.

ST. FRANCIS LADIES' CLUB

Members of the Ladies' club of St. Francis church extend an invitation to the public to attend their whist party tonight at 8 p. m. in the East Palo Alto American Legion hall, 2398 University avenue.

Kenneth Browns of MP Inspect Southwest US; Tour Salt Lake City

The Kenneth R. Browns of Menlo Park with their three daughters, Caroline, Kathleen and Pamela, motored in a wide arc for ten days, cutting through Grand Canyon, Bryce canyon, Zion park, Kaibab forest and home via Salt Lake City.

In her description of Kaibab forest, Mrs. Brown compares it to an estate park with formation on formation of pine trees interspersed with quaking aspen. She especially noted the lack of underbrush and the abundance of deer and squirrel—the antelope squirrel — peculiar to that area.

Bryce Canyon, according to Mrs. Brown, is a riot of lovely reds and pinks, and is "decorated" with graceful man-like figures, cut in the side by river and wind. Zion, itself, Mrs. Brown thought, resembles the Yosemite Canyon.

While in Salt Lake City, the family visited the world-famed Mormon tabernacle, supposedly the most perfectly accousted building known. The tabernacle, which is shaped like a great upsidedown bowl, was originally constructed with no nails — wooden pegs were used instead.

The tabernacle is one of four buildings forming the Mormon square, Mrs. Brown said. The other three include two temples—one open to the public, and one forbidden to all except "inner" Mormons—and a museum.

The Browns found that the mummies in the museum were the most interesting exhibits to them. The mummies, of Indians, were well preserved, even to hair and features. Both adult and child bodies had been discovered in the nearby hills, mummified in a foetal position, with knees hugged close.

EPA Grange Meets Next Tuesday Night

A demonstration on how to prepare meals out of tin cans will be given at 7:30 p. m. next Tuesday night, when members of the East Palo Alto Grange hold their regular meeting. Following the talk, scheduled for the EPA American Legion hall, will be a social hour.

Women of the Grange Home Economics section walked off with all first prizes and the trophy—a large platter—for their canning exhibit at the San Mateo county Fiesta. Mrs. Eric Davies, a member of the section, submitted her own work in the individual category—for which she won several individual ribbons and the sweepstakes award.

Pythian Sisters Hold Thimble Club Tomorrow

The Pythian Sisters, Palo Alto temple 70, will hold their Thimble club meeting tomorrow at 12 noon in the old Community church building, 2041 Euclid avenue, East Palo Alto. Members are requested to bring their own scissors and sandwiches—coffee and dessert will be served with the latter.

Project for tomorrow's Thimble club will be work on skirts for the Degree staff.

On Monday night, August 18, at 8 p. m., the Pythian Sisters will meet at the same place to hold their candates initiation session.

EAGLES BACK IN AERIE

Mr. and Mrs. Sam Eagle of Menlo Park, with their round half-dozen children, returned home this weekend from a week's vacation in a housekeeping cabin at Pinecrest. The children — who all enjoyed swimming, except for baby Peter — are Carl, Anna, Delia, Julie and Eva.

ST. ANTHONY WHIST PARTY

St. Anthony's club of St. Anthony's church at Fifth avenue near Middlefield road, will hold their monthly whist party tomorrow night at 8 p. m. in the church hall. Whist parties sponsored by the club are given regularly every third Friday.

MP WAVE RECRUIT . . . .

(Continued from Page 5)

in celebration of the WAVE's tenth anniversary.

The ship was the aircraft carrier USS Antietam, and the cruise consisted of 15 knots per hour out to the Farallone islands and back, with a program of precision marching, inspection and gunnery planned for the morning and afternoon.

As a small boat came chugging into the dock at Treasure Island—embarking point for the voyage out to the carrier—some of the WAVES (who had been landbound up to then) voiced a slight fear of seasickness, and some of the braver ones declared outright that thew had brought along a supply of dramamine.

The boat trip to the Antietam was rocky—in fact, a sort of combination roller coaster and model 'T' ride, but once on board the monstrous ship, neither roll nor pitch could be felt. In fact, the hangar deck, the first part of the carrier to be seen by the spectators, was larger than most auditoriums . . . It was an overwhelming sight.

ENGINE ROOM

For the agile—those who could manage to inch down the many sets of ladders—the engine and the boiler rooms provided "inspectitorial hot spots." Here the pulsating life of the ship is kept up with a thousand-and-one meters and gauges and handles, turbines twirling and twisting propellor shafts, all housed in a suite of steamy - warm rooms and cut across with webs of catwalks and cross walks and ledges and toe-holds.

To add to the wonder of the gigantic ship was the equipment on board making it more like a floating city than anything else. One room was devoted to a telephone exchange and switchboard much like that used in central city offices. There were also radio cubbyholes for ship-to-shore calls and teletype machines for news.

The daily living even includes a newspaper published by the ship for ship's personnel and a well-stocked ship's store carrying a multitude of necessities and luxuries.

SAFETY

Safety during wartime operations is looked after by the damage control staff, whose main office is located several decks below water's level. Here are intricate diagrams and blueprints of the ship, partitioned into "frames" horizontally, deck strata, services, all numbered or lettered so that any call in regard to an emergency in "frame 24, deck number and location" could be quickly spotted.

In addition, a crew of several men are assigned to each section of the ship, not only for emergency, but for the day-to-day care of machinery and ship.

A separate breed of sailor, called "airdales" by the regular seaman, are taken on board for the sole purpose of looking after and repairing the aircraft, which are stationed, with wings folded like birds at rest, below the main deck. When needed, the planes are lifted up on a loading platform elevator, gigantic replicas of the ones that can be seen in San Francisco blocks near large stores.

GREAT GUNS

When the great guns went off on practice shooting, it seemed as if the whole ship would shake to pieces from sheer noise alone. The target that day was a "smoke float" just on the horizon — to add to the visual effect, between the firings of large guns, tracer bullets were sent off with a "pop-pop," and lent a spotty fireworks view to the whole thing.

A part of the ship seeming to have a life entirely to itself was the radar antenna, a concave birdcage affair, which "sniffed" the air like a good hunting dog on the scent. The radar equipment seemed to literally pulsate, and was continuously on the move, wavering back and forth, recording lines on the radarscope, a device looking like a television screen with a fever chart superimposed on it.

And as it would take years to see and understand just a portion of some city, in an afternoon alone, it was impossible to do more than skim the surface of the surface on board the Antietam — perhaps the truest impression and result gained on the cruise was the cry of one of the WAVES: "When are they ever going to let us sail!"

Walter Scheib Jr. Weds Canadian Girl In Massachusetts

The marriage of Jean Greenslade of Newfoundland, Canada to Walter Scheib Jr., son of the senior Mr. and Mrs. Walter Scheib of Atherton, has been announced. The couple were wed in an informal afternoon ceremony July 25 at St. Stephen's church in Lyn, Massachusetts.

The bride, daughter of Mr. and Mrs. Reginald Greenslade, was given away in marriage by her uncle.

A reception following the wedding was held for close friends and relatives at the Faculty club of the Massachusetts Institute of Technology.

Walter has a sister, Mrs. Clyde Underhill (Peggy Scheib), and a brother, Howard Scheib, who is a pupil at Las Lomitas school. The bridegroom himself attended Las Lomitas, was graduated from Sequoia high school and received his bachelor's degree from Stanford university. At present, he is studying for a master's degree in chemical engineering at M. I. T.

The couple are now living in Cambridge, Massachusetts, following their short wedding trip to Rye Beach, New Hampshire.

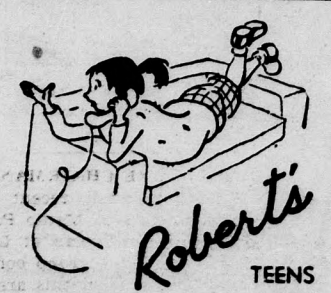

Camping Trips End for Thurmond Family of MP

A leisurely ten-day camping trip has come to an end for the Charles Thurmonds, who returned to their Menlo Park home this weekend.

The Thurmonds, their son Don and daughter Carol, along with tent, sleeping bag and cooking utensils, piled into the car for a journey to the Eastern Sierras. Tent was pitched first at Whitney Portal, then at June lake and Horseshoe lake (where wading was "like stepping into ice"), and finally to Pinecrest.

UNITARIAN TEA TODAY

The mid-summer tea of the Unitarian Women's Alliance will be held this afternoon (Thursday, August August 14) from 3:30 to 6 p. m. at the home of Mrs. Warren Hall, 125 Leland avenue, Menlo Park. All women of the church and their guests, whether members or not, are invited.

Action Light In Last Week's Jr. Softball

Menlo - Atherton junior softball league action at Nealon park was light last week, with only two regularly scheduled A division games, a previously postponed A loop tilt and a B division forfeit taking place.

Abrott and Leigh paints, under direction of Bob Ossorio and Charlie Baker, upset Preuss pharmacy 19-15; Vince Del Pozzo's mighty Shreve and Burges machine moved on with a 35-8 decision over Allsberry plumbing and heating, and Allsberry retaliated in amakeup game with a 25-6 victory over Menlo Motors. In B division play, Shreve and Burgess again forfeited to Belle Haven.

A & L UPSETS PREUSS

Abrott and Leigh, who last year finished in a tie for league honors in regularly scheduled play and lost in the playoffs, finally found their way into the win column Wednesday morning with a 19-15 win over Bob Wendell's second place Preuss club.

The Paintmen opened quickly in the first round tilt, tallying six runs in their half of the opening frame and going on to build up a 18-3 lead before Wendell's nine

The Preuss club rallied for 12 runs in the last three innings in a valiant attempt as Chucker Dave Leahy allotted the winners just one run in the final two frames. The Preuss loss means that they will not keep undisputed possession of second place in first round play.

ALLSBERRY SPLITS

Coach John Schaefer's Allsberry squad split in two outings last week, as they went down under Roger Postlewaite's three hitter and dropped a 35-8 decision to the defending Sport Shoppers Wednesday and avenged the loss by handing Dick Clegg's Menlo Motors crew its second consecutive third round defeat Thursday, 25-6.

Del Pozzo's win-machine collected 18 hits off of Gary Douglas' offerings Wednesday while playing their usual excellent ball afield. Postlewaite threw four consecutive innings of shutout ball and had an amazing 28-1 lead at one time. It was the All-Star chucker's third hurling gem this season.

Douglas retaliated Thursday by limiting Menlo Motors to seven safeties in a game that was very tight until the fourth inning. Allsberry hitters recorded 12 bingles off the efforts of Wayne Marino and Jerry Driscoll, but walks did the trick. Motors' pitchers hold the dubious distinction of giving up by far the most walks of any loop team.

Other games in the following week include the following:

Aug. 14 — Menlo Motors vs. Belle Haven (B) at 10 a. m.; Abrott and Leigh vs. Menlo Motors (A) at 6:45 p. m.

Aug. 15—Allsberry vs. Preuss (A) at 10 a. m.

Aug. 16 — Game between Shreve and Burgess and Hogan's (B) cancelled and forfeited to Hogan's.

Aug. 18— Hogan's vs. Menlo Motors (B) at 10 a. m.; Preuss vs. Menlo Motors (A) at 6:45 p. m.

Aug. 19 — Abrott and Leigh vs. Shreve and Burgess (A) at 10 a. m.

Aug. 20—Allsberry vs. Abrott and Leigh (A) at 10 a. m.

Aug. 21—Shreve and Burgess-Belle Haven game (B) cancelled and forfeited to Belle Haven; Abrott and Leigh vs. Shreve and Burgess (A) at 6:45 p. m.

Aug. 22—Preuss vs. Menlo Motors (A) at 10 a. m.

Firemen to Have

SPORT NIGHT

Members of the San Francisco '49ers' football squad are to be featured guests tonight at a "sport night" event of the Menlo Park Fire District Firemen's association. The off-duty "smoke-eaters" will gather for the session at the district's No. 5 station, 15th and Fair Oaks avenues.

Vince Del Pozzo said that the meeting will feature motion pictures, and will start at 8 p. m.

A business session will be held, and will feature discussion of plans for the forthcoming "Firemen's Ball," to be sponsored by the association Oct. 11 at Burgess park gym.

Schaefer Issues Rules Announcements

Menlo - Atherton junior softball league director John Schaefer issued the following announcements last week:

1. No statistics, other than pitchers' won and lost records, will be kept of league play this year. Therefore there will be no balloting for the "Most Valuable Player Award" at the close of the season.

2. There is still free swimming for league participants every other Friday from 6:15 p. m. to 7:15 p. m. at Burgess park pool. The next M-A junior league swim is set for Aug. 22.

This Week:

Surprise Wins by Preuss, Abrott-Leigh, Change Junior Softball League Picture

A pair of surprises have been recorded in this week's Menlo-Atherton Junior softball league play.

Preuss pharmacy took over the third round A division lead Monday with a 10-9 eight-inning decision over defending champion and heretofore unbeaten Shreve and Burgess sport shop.

But Abrott and Leigh paints, who last year tied for the loop title and lost the playoffs to S&B, finally came to life and dumped Allsberry plumbing and heating by a 17-11 count Tuesday for the second straight.

The win gave them a second place tie with Preuss in final first round standings. Their upset over Preuss last week had knocked the ice from the Wendellmen's hold on the place spot.

Earlier details and league standings are published elsewhere in this issue.

EPA Jets Meet Stanford Villagers Here Tonight

The East Palo Alto Jets meet a Stanford Village softball team this evening at Burgess field at 7 p. m.

The Jets were defeated Tuesday evening at El Camino park, 13-7, by Palo Alto hobby house in the semi-finals of the Palo Alto City class C softball tournament.

They won a semi-final berth by whitewashing the Hewlett-Packard Reds last Friday, 24-5. In a tune-up practice game for the tournament on Thursday, they knocked off the S. V. nine by an 11-3 count.

The Hobby House and Hewlett-Packard Blues played last night for the championship of the single-elimination Paly tourney.

NEAR SHUTOUT

Larry Fancher had a three-hit shutout going against Stanford Village last Thursday when a homerun a walk and two singles produced a trio of SV tallies. Phil Knight's long four-ply blast to center-field was the big hit for the Jets.

Fancher set the Hewlett-Packard Reds down with seven hits on Friday as the locals climbed on two H-P chuckers for 16 base hits and 24 runs in five innings. The Jets tallied 12 runs in the fifth.

Al Irish led the hit parade with a double, triple and grand-slam homerun in four trips, while Dennis Anderson punched out three singles in five tries, and Morgan Myers, Ed Mazik, Knight, and Ed Reynolds all recorded two hits.

BAD INNING

Seven walks off Bob Peterson, an infield error and a hit cost the semi-final tilt on Tuesday.

A very tight Hobby House defense was tht difference between the clubs as the winners hauled in many hard hit balls by the Jets.

Either Fancher or Adrian Ledda will open tonight with Stan Skeie catching.

Getting in Shape:

49ERS PRACTICE

Menlo Park's own professional football team—also known to a few as the San Francisco 49ers—were continuing daily double workouts this week as they whipped into shape for their first outing against a professional opponent this Sunday at Kezar stadium.

Buck Shaw's crew meets the revtalized and plenty good Washington Redskins at 2:30 p. m. after a morale-boosting 79-0 verdict over the San Francisco semi-pro Broncos last Sunday.

The 49ers were practicing at 10 a. m. and 2 p. m. every day this week as they prepared to meet the tremendous Redskin backfield and figure how to stop the Ed (Where is it?) LeBaron-Charlie "Choo-Choo Justice team that whipped the Philadelphia Eagles in the All-Star game a few years ago.

'No Hunting' Notice Stanford Issues

STANFORD.—It is illegal to hunt on Stanford lands, the university warns.

This note of caution was issued by Alf E. Brandin, business manager of the university as marksmen observed the opening of the deer season Saturday.

Although Stanford's 9000 acres are not part of a game refuge, all of the area is either enclosed by fence or posted against hunting. It is a violation of state law to trespass or hunt on private property protected in this way.

OBITUARIES

Mrs. Jean Lyle

Funeral services were held Monday at Burlingame for Mrs. Jean Stafford Lyle of Menlo Park, who died last Friday at Palo Alto hospital. She was 51.

Mrs. Lyle, a nurse, had resided here for the past 2½ years. She made her home with the famliy of a sister, Mrs. Frederick A. Masterman of 301 Gilbert street.

In addition to her sister, she is survived by her husband, John N. Lyle of Jacksonville, Ill.; a son, John W. Lyle, now with the US air force, and sisters Mrs. John Hicks of Hartsdale, N. Y., Mrs. Ewart Mastin and Mrs. D. M. Gerrie, both of Toronto, Canada.

MP Councilman Gets Business Promotion

Menlo Park City Councilman George S. Ford was last week promoted to the position of manager of purchases for Soule Steel company of San Francisco.

Ford, who resides with his family at 1819 Edgewood lane, will be in charge of purchasing for the company's San Francisco, Los Angeles, Portland and Seattle operations, anw will operate from offices in San Francisco.

A Harvard graduate, the councilman has served with the steel firm since 1946. He has been a city councilman since 1949.

GETS EXPLORER AWARDS

LeRoy DeGive, Menlo Park Explorer post 166, was given awards for his work in "vocational exploration" and "emergency skills" at the conclusion of the third session at Camp Pomponio, which he attended.

MILLERS HAVE BABY

Mr. and Mrs. Donald Miller, 1388 Carleton street, are the parents of a son born Aug. 2 at Palo Alto hospital.

NEW ATHERTON RESIDENT

A daughter, weighing 5 pounds 6 ounces, was born Aug. 1 to Mr. and Mrs. Oscar Palos of 175 Fair Oaks lane, Atherton. Birth was at Palo Alto.

DAUGHTER IS BORN

Mr. and Mrs. Malcolm Byrnes of 1340 Santa Cruz avenue are parents of a baby girl, born Aug. 1 at Palo Alto hospital. The infant weighed 6 pounds 5 ounces at birth.

A baby girl, weighing 6 pounds 11 ounces, was born Aug. 1 to Mr. and Mrs. Howard Ruweler of 90 Stevenson lane, Atherton. The birth took place at Palo Alto hospital.

Atherton Executive Involved in Mishap

William le Grand Marshall, Atherton business executive, was reported in "good condition" by Palo Alto hospieal authorities yesterday, despite a broken clavicle, fractured rib and possible concussion sustained in an automobile accident Monday evening.

The accident, which also involved a Peninsula Transit lines bus, occurred at Middlefield road and James avenue, according to Atherton police.

Bus driver Marlan Dean Mackey of 1363 Hollyburne avenue told police that he was unable to apply the brakes in time when he noticed Marshall's vehicle making a left-hand turn into Middlefield road directly in front of him. The bus struck the executive's Cadillac full on the right side.

Marshall was then sent to Palo Alto hospital for treatment, where he will probably remain, according to his attendants, until at least the end of the week.

The auto, which had been towed from the scene, was almost completely smashed on the right side.

Marshall resides at 121 Greenoaks avenue, and is an executive of J. C. Penny company.

MP District Firemen Get Pay Raise

Menlo Park Fire District Firemen have been granted a pay raise of about five per cent, it was announced by district commissioners Tuesday evening. The raise became effective Aug. 1, and was approved at a special meeting of the board late last month.

Under the new pay schedule, wages for beginning firemen were raised from $280 to $295; men with one year's service will get $315, rather than $300 as formerly and men starting their third year with the department will get $340, compared with former pay of $325.

Basic pay for lieutenants was raised from $355 to $375.

BONHAMS HAVE SON

The Lavern Bonhams, 294 Santa Monica avenue, are the parents of a boy, born Aug. 7 in Palo Alto hospital.

AT SEQUOIA HOSPITAL

Sequoia hospital was the scene Aug. 1 of the birth of a daughter, weighing 8 pounds 13 ounces, to Mr. and Mrs. Joseph Beeridge of 928 Willow road.

(LEGAL NOTICES)

MENLO PARK SANITARY DISTRICT
SPECIAL BOND ELECTION NOTICE

NOTICE IS HEREBY GIVEN to the qualified electors of Menlo Park Sanitary District, San Mateo County, State of California, that in accordance with the provisions of the Health and Safety Code of the State of California governing such elections, a special bond election has been called to be held, and the same will be held at the place hereinafter designated in said Menlo Park Sanitary District, on

MONDAY, SEPTEMBER 15, 1952

from the hour of 7:00 o'clock A. M. of said day (C.D.S.T.) until the hour of 7:00 o'clock P. M. of said day (C.D.S.T.), during which period of time the polls will be kept continuously open, at which time and place there will be submitted to the voters of said District the question whether or not the bonds of said District shall be issued and sold in the amount and for the objects and purposes set forth in the following measure, to wit:

MEASURE: Shall Menlo Park Sanitary District, San Mateo County, incur a bonded indebtedness in the principal amount of Three Hundred Ten Thousand Dollars ($310,000), for the purpose of raising money for the following purposes: Replacements

(Continued on Page 10)

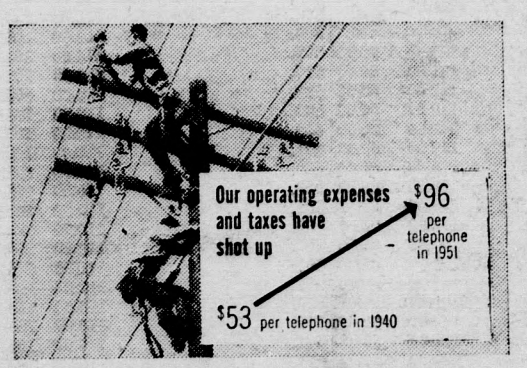

Inflation has more than doubled the cost of building the facilities needed to put a new telephone to work.

What inflation's done to your telephone

Our dollars buy less and less of the things we need to bring you good service

1. One of the brightest spots in your budget today is the telephone ... for the prices we charge have gone up much less than those of most other things you buy. In fact, taking 1940 as the starting point, Pacific Telephone prices are 61 per cent behind the average price increases of other things. On the other hand, we're up against a serious problem in furnishing good telephone service to you. For our dollars buy less equipment and supplies, fewer employee working hours—smaller amounts of all the things we need to build and operate a telephone system—than at any time since the first telephone was installed in the West 75 years ago.

2. For easy figuring, we've worked out our expenses on the basis of one telephone. And, as you can see, running our system costs much more today than it used to. The two big reasons are inflation and higher taxes. Consider their effect: On the average, wage rates of telephone people today are more than double what they were in 1940; while operating taxes on the average telephone have soared more than 100% since 1940.

3. Adding a new telephone since the war costs about twice as much as before the war. Yet the profit per telephone in 1951 was up only slightly over 1940—about a dollar a year. As a result, the profit on our investment in facilities for each new telephone has been more than cut in half. It's dropped from 5.3 cents on the dollar in 1940 to 2.3 cents in 1951. Surely, providing good telephone service under such conditions is a job full of challenge. And it's one we're determined to meet ... for perhaps never before has good and growing service been so vital to the nation.

Pacific Telephone

(LEGAL NOTICES)

(Continued from Page 9)

to and enlargement of the sewerage collection and sanitary disposal system of said District, including the acquisition and construction of new interceptor lines and appurtenances, pipes, manholes, rights of way, and other works, property or structures necessary or convenient for replacements to and enlargement of the collection and sanitary disposal system of said District?

The question of issuing bonds to make all of said foregoing outlays shall be submitted to the voters as one proposal.

The said bonds hereby proposed to be issued and sold shall be 310 in number, numbered consecutively from 1 to 310, both inclusive ,of the denomination of $1,000 each, and will bear interest at the rate of not to exceed six (6) per cent. per annum, payable semi-annually or annually the first year and thereafter semi-annually. The number of years not to exceed which the whole of said bonds are to run is forty (40) years.

Both the principal of and interest on said bonds will be payable in lawful money of the United States of America at the office of the Treasurer of the County of San Mateo, in Redwood City, California.

For the conduct of said special bond election, Menlo Park Sanitary District is hereby divided into two (2) consolidated special bond election precincts, and the general state and county election precincts into which said District is divided for general state and county election purposes are hereby consolidated as hereafter provided, to wit: the election precincts hereafter designated by names or numbers are the election precincts as now established of record by the Board of Supervisors of San Mateo County, State of California, for general state and county election purposes. and the consolidated election precincts hereafter designated by letters consist of consolidations of said general election precincts so named and numbered and designated for general election purposes by said Board of Supervisors. The polling places and officers of election to conduct said election in said consolidated precincts are as follows:

CONSOLIDATED PRECINCT A
(comprising general election precincts Nos. Menlo Park 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 23, 24, 25, 26, 27, 28, 29, 30, 34).

POLLING PLACE: Menlo Park Fire Protection District Headquarters, 1077 Merrill Avenue, Menlo Park, San Mateo County, California.

Inspector: Mrs. Svea E. Ittner.
Judge: Mrs. Ava E. McKee.
Judge: Mrs. Cherry Lane Lockwood

CONSOLIDATED PRECINCT B
(comprising general election precincts Nos. Atherton 1, 2, 3, 5, 6, 7, 8, 9, Alameda 1, 2, 3, 4, 5, 6, 7, Menlo Outside, Oaks 13, 14, Redwood City 50, 51, Menalto 1, 2, Woodside 3, Bay 2, 5, 8, 10, Brookdell).

POLLING PLACE: Atherton Town Hall, 94 Ashfield Road, Atherton, San Mateo County, California.

Inspector: Mrs. Kathleen C. Barker.
Judge: Mrs. Ima Redfield French.
Judge: Mrs. Ruby F. West.

The said election is to be conducted as nearly as practicable in accordance with the general laws of the State of California.

The District Board of said District shall meet on the seventh day after the election at its usual meeting place at 8:00 o'clock P. M. and publicly canvass the returns.

IN WITNESS WHEREOF, we have hereunto set our hands this 28th day of July, 1952.

EDWARD E. EYRE
LAWRENCE H. COOK
WILLIAM B. TYLER
ROY L. GREY
WILLIAM T. CASEY

As and comprising all of the members of the District Board of Menlo Park Sanitary District, San Mateo County ,California.

RESOLUTION NO. 907 (r)

OF INTENTION TO ORDER CHANGES AND MODIFICATIONS IN PROCEEDINGS UNDER RESOLUTION OF INTENTION NO. 907 (f)

DRAINAGE UNIT NO. 2

IMPROVEMENT PROJECT NO. 1951-2

RESOLVED, by the City Council of the City of Menlo Park, California, that,

WHEREAS, the City Council of the City of Menlo Park did, on the 7th day of August, 1951, adopt a resolution of intention, No. 907 (f), to construct certain improvements in said City;

AND WHEREAS, after notice duly given and hearing duly had thereunder, said City Council did, on the 23rd day of October, 1951, adopt its resolution ordering certain work and improvements;

AND WHEREAS, the public interest and convenience require, and it is the intention of this Council to make certain changes and modifications in said proceeding;

NOW, THEREFORE, it is ordered as follows:

1. That the public interest and convenience require, and it is the intention of this Council to change and modify the proceedings under said Resolution of Intention as follows:

(a) That the work be changed and modified in the manner and to the extent set forth and described on Exhibit "A", attached hereto, incorporated herein, and made a part hereof;

(b) That the assessment be changed and modified in accordance with the schedule set forth and attached hereto, marked Exhibit "B", incorporated herein,and made a part hereof.

2. Reference is hereby made to the Engineer's report under said Resolution of Intention and to all Resolutions, Notices and proceedings held by this Council pursuant to Division 4 of the Streets and Highways Code and the Municipal Improvement Act of 1913.

3. Notice is hereby given that Tuesday, the 26th day of August, 1952, at the hour of 8:00 o'clock P.M., in the Council Chambers in the City Hall in said City, is hereby fixed as the time and place when and where said Council will hear the matter of ordering the changes and modifications in said proceedings, and when and where all persons interested may be heard.

4. The City Council shall cause a copy of this resolution to be published once in the Menlo Park Reorder at least ten days before said day set for hearing.

I, MARGARET A. BECKER, do hereby certify that the foregoing Resolution was duly and regularly passed and adopted by the City Council of the City of Menlo Park, at a regular meeting held by said Council on the 12th day of August, 1952, by the following vote:

AYES: Councilmen: Belangie, Burgess, Ford, Cobbledick and Lawson.
NOES: Couuncilmen: None.
ABSENT: Councilmen: None.

I further certify that the foregoing copy of Resolution is a true and correct copy of original of said Resolution on file in the office of the City Clerk, City Hall, Menlo Park, California.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official Seal of said City this 12th day of August, 1952.

MARGARET A. BECKER,
(SEAL) City Clerk.

EXHIBIT "A"
MODIFICATIONS OF WORK

The storm water sewer on Santa Cruz Avenue from Arbor Road to May Brown Avenue and in May Brown Avenue shall be omitted.

There shall be constructed a 10-inch storm sewer in Hermosa Way from the existing catch basin in front of Lot 4, Rosefield Tract, Southeasterly to a manhole to be constructed on the Southeasterly side of Santa Cruz Avenue in front of Lot 2, Hermosa Tract, and a 15 inch storm drain in Santa Cruz Avenue from said manhole Northeasterly to a riser catch basin opposite the line dividing Lots 68 and 69, Oakville Terrace.

NOTICE OF HEARING
(Rezoning)

NOTICE IS HEREBY GIVEN that the City Council of the City of Menlo Park will hold a public hearing, pursuant to the provisions of Section 8 of Ordinance No. 169 of said City, on the application of FRED MILLS and HERBERT MILLS, for the rezoning of the real property, hereinafter described, from its present classification to another or different classification, "C-1-A." Said zoning "C-1-A" permits professional, executive and administrative uses. That the real property affected by this application is described as Lots 1, 2, 7 and 8, as shown on the map entitled "MAP OF PROPERTY KNOWN AS THE ALCORN TRACT", which map was filed in the office of the County Recorder of the County of San Mateo, State of California, on June 1, 1898, in Book "A" of Maps at page 28, and a copy thereof entered in Book 2 of Maps, at page 96.

The present zoning classification of Lots 1 and 7, above described, is "C-1"; the present zoning classification of Lots 2 and 8, above described, is "R-1".

NOTICE IS FURTHER GIVEN that said hearing will be held on Tuesday, the 26th day of August, 1952, at the hour of 8:00 o'clock PM in the Council Chambers of the City Hall, Menlo Park, California, at which time and place any and all persons interested may appear and be heard with respect to said matter.

Reference is hereby made to the application and other documents connected therewith, including Ordinance No. 169, and the recommendation of the Planning Commission with respect thereto, on file in the office of the City Clerk, City Hall, Menlo Park, California, for further particulars.

Dated: August 12, 1952.
MARGARET A. BECKER
City Clerk.

Published August 14, 1952.

NOTICE

NOTICE IS HEREBY GIVEN that the City Council of the City of Menlo Park will hold a public hearing in the Council Chambers, at the City Hall, Menlo Park, California, on the 26th day of August, 1952, at the hour of 8:00 o'clock P. M. of said day for the purpose of considering, taking action upon and adopting the budget for said City for the fiscal year beginning July 1, 1952 and ending June

NOTICE IS FURTHER GIVEN that at said time and place above mentioned, said City Council shall likewise hold a public hearing for the purpose of considering, taking action upon and adopting a real property tax rate for said City for the fiscal year beginning July 1, 1952 and ending June 30, 1953.

NOTICE IS FURTHER GIVEN that all persons interested in the above matters are hereby invited to attend said hearing at said time and place aforementioned; reference is hereby made to the proposed and tentatively approved budget, and other documents relating thereto and to said proposed tax rate for the fiscal year beginning July 1, 1952 and ending June 30, 1953, on file in the office of the City Manager, City Hall, Menlo Park, for further particulars.

By order of the City Council.
Dated: August 12, 1952.
MARGARET A. BECKER
City Clerk.

NOTICE INVITING SEALED PROPOSALS FOR THE PURCHASE OF BONDS UNDER RESOLUTION OF INTENTION NO. 946 (d)
(ALTO LANE)
IMPROVEMENT PROJECT 1952-1

NOTICE IS HEREBY GIVEN that under Resolution of Intention No. 946 (d) entitled "RESOLUTION NO. 946 (d) OF INTENTION TO CONSTRUCT IMPROVEMENTS — IMPROVEMENT PROJECT NO. 1952-1", adopted by the City Council of the City of Menlo Park on the 11th day of March, 1952 and subsequent resolutions thereunder all on file in the office of the City Clerk, City Hall, Menlo Park, reference to which is hereby made for further particulars, certain work and improvements were ordered to be done and made, which proposed improvements, and the streets and properties affected thereby are more particularly described in the foregoing resolutions hereinbefore referred to and mentioned. The costs of the foregoing improvements total $4,812.00, and the unpaid assessments for which serial bonds shall be issued as hereinafter mentioned is $1892.00.

NOTICE IS FURTHER GIVEN that serial bonds to represent unpaid assessments and bear interest at a rate not to exceed 6% per annum will be issued under the provisions of and in the manner provided by the "Improvement Bond Act of 1915", the last installment of which bonds shall mature not to exceed 10 years from the second day of July next succeeding ten months from their date.

NOTICE IS FURTHER GIVEN that the City Council hereby invites sealed proposals for bids for the purchase of the bonds to be issued as aforementioned for unpaid assessments for said work and improvements.

All proposals or bids shall be accompanied by a check payable to the City of Menlo Park and certified by a responsible bank for an amount not less than 5% of the total unpaid assessments, to-wit: $1892.00, upon which bonds shall be issued as hereinbefore mentioned.

NOTICE IS FURTHER GIVEN that said bonds will be awarded to the bidder who offers to take them at not less than par and at the lowest interest rate plus a premium, if any, both the rate of interest and amount bid for bonds to be considered in determining the best bid; that said bonds shall be ten (10) in number, shall be dated July 22, 1952, and bear interest at the rate of not to exceed six (6%) per cent per annum from July 22, 1952; and the denomination of said bonds and the interest coupons required to be attached thereto, with their respective numbers and dates of maturity, are as follows:

Series Number	Bond Number	Denomination	Date of Maturity
1952-1	1	$189.20	July 2, 1953
1952-1	2	189.20	July 2, 1954
1952-1	3	189.20	July 2, 1955
1952-1	4	189.20	July 2, 1956
1952-1	5	189.20	July 2, 1957
1952-1	6	189.20	July 2, 1958
1952-1	7	189.20	July 2, 1959
1952-1	8	189.20	July 2, 1960
1952-1	9	189.20	July 2, 1961
1952-1	10	189.20	July 2, 1962

NOTICE IS FURTHER GIVEN that said proposals or bids shall be delivered to the City Clerk of the City of Menlo Park (who is ex-officio Clerk of the City Council) on or before the 26th day of August, 1952, at or before the hour of 8:00 o'clock P. M. of said day, on which day and at which hour all proposals or bids received will be publicly opened by said City Council of the City of Menlo Park, at and in the Council Chambers, City Hall, Menlo Park, California.

Dated: August 12, 1952.
MARGARET A. BECKER
City Clerk of the City of Menlo Park and ex-officio Clerk of the City Council of said City.

Published August 14, 21, 1952.

NOTICE TO PAY ASSESSMENT IMPROVEMENT PROJECT NO. 1952-2

NOTICE IS HEREBY GIVEN that pursuant to the provisions of law governing said matter, the assessment in the improvement project in the City of Menlo Park, described in Resolution of Intention under Improvement Project No. 1952-2, was recorded in the office of the Superintendent of Streets on the 23rd day of July, 1952; that all sums assessed therein are due and payable immediately; that the payment of said sums is to be made to the Superintendent of Streets, City Hall, Menlo Park, California, within sixty (60) days after the 23rd day of July, 1952, and if not paid within sixty (60) days, serial bonds will be issued to cover the amount of unpaid assessments pursuant to the Improvement Bond Act of 1915, the last installation of which bonds shall mature nine (9) years from the second day of July next succeeding ten (10) months from their date.

Dated: July 29, 1952.
C. L. LONGSON
Superintendent of Streets
Menlo Park, California.

Published: Aug. 7, 14, 21, 1952.

NOTICE OF AWARD OF CONTRACT IMPROVEMENT PROJECT NO. 1952-2

NOTICE IS HEREBY GIVEN that the City Council of the City of Menlo Park, by Resolution No. 972 (i), passed and adopted at a regular meeting of said Council on the 22nd day of July, 1952, did award a contract for the doing of the work and improvements, and furnishing the materials, supplies and equipment necessary therefor, to JOSEPH M. McFADDEN & SON, INC.

NOTICE IS FURTHER GIVEN that said JOSEPH M. McFADDEN & SON, INC. was the lowest responsible bidder for the doing of the work and improvements and furnishing the materials, supplies and equipment necessary therefor, which work and improvements is particularly described in Resolution No. 972 (b), passed by the City Council on June 10, 1952, to which Resolution reference is hereby made for further particulars.

Dated: July 22, 1952.
MARGARET A. BECKER
(SEAL) City Clerk.

Sanitary District Gives Notice of Bond Election; Lists Election Officials, Data

Menlo Park Sanitary District today publishes legal notice of its forthcoming $310,000 bond issue election, to be held Sept. 15, formally giving time and place of balloting and naming election officials.

Specifically, the money obtained through the bond issue will be used to finance improvement of sewers along Atherton avenue, Middle avenue, and Valparaiso avenue, if the easure is passed; need for its passage was emphasized last week when San Mateo county supervisors "froze" building activities in unincorporated parts of the sanitary district, pending enlargement of the mains.

HISTORY:

The Atherton avenue sewers overflowed, in the vicinity of Odell place, during heavy rains last winter; district trustees have indicated that the same thing could happen in the case of the Middle avenue and Valparaiso avenue sewers.

The bond issue ballot will read:

"Shall the Menlo Park Sanitary district . . . incur a bonded indebtedness in the principal amount of . . . $310,000 for . . . replacement to and enlargement of the sewerage collection and sanitary disposal system of said district, including the acquisition and construction of new interceptor lines and appurtenances, pipes, manholes, rights of way, and other works, property or structures necessary or convenient for replacements to, and enlagement of the collection and sanitary disposal system of said district?"

The measure will require a two-thirds majority in order to pass.

There will be two polling places in the district, where voting will take place from 7 a. m. to 7 p. m. These will be Menlo Park Fire District headquarters, 1077 Merrill street, and Atherton twon hall, 94 Ashfield road.

POLLING PLACES

Voters in all Menlo Park precincts will vote at the fire station; Atherton, Alameda, Menlo Outside, Oaks, Redwood City, Menalto, Woodside, Bay and Brookdell precinct voters, who are also in the sanitary district, will cast their ballots at the Atherton polling place.

Two MP Area Motorists Get Licenses Suspended

Two Menlo Park area motorists had their drivers' licenses suspended as the result of recent court actions, the state department of motor vehicles reports, at the same time announcing names of two others whose licenses have been reinstated.

The suspensions were visited on William Henry Nugent, 519 San Benito avenue and John Gilbert Rodgers, 849 University drive.

Licenses were reinstated to James Masatoro Nakamora, 2720 Alpine road and Werner Rubsch, building 312, Stanford Village.

City Protests Fumes, Dirt Of Asphalf Plant

The asphalt plant operated by the L. C. Smith paving company east of the city limits was termed the cause of a "nuisance" by the city council Tuesday night and the county planning commission was urged by the city to do what it could to put a stop to fumes, smoke and soot complained of by residents of the Belle Haven area.

The council sent a resolution to that effect to the county body following receipt of a letter from the Belle Haven Mutual Improvement association.

The letter declared that the area had been promised before construction of the plant, that operations would not be detrimental to the area. Despite these assurances, however, the letter continued, the prealing winds off the bay carry "noxious fumes, smoke and sometimes dust" over the residential district and declared that some persons have been forced to move out of the area for their health on the advice of doctors.

City Manager C. L. Longson declared that as of last summer the plant had not been completed in accordance with specifications originally outlined and he would like to investigate whether this is still the case.

The council agreed that Longson should study the matter and in the meantime concurred unanimously in the resolution of protest.

Marsh Road Garage Fire Results in $2000 Damage

Damage estimated at $2000 resulted from a fire in the Marsh Road Auto Serice garage, 763 Marsh road, at 2:25 a. m. Friday.

The building, owned by Mrs. G. Beltramo, is operated as an auto repair shop by William W. Condon. Firemen estimated the blaze caused damage amounting to $1500 to the building and $500 to the contents.

16 Santa Cruz Avenue Stores Mark Anniversaries This Week

Celebrating Establishments Represent Wide Variation In Merchandise and Services for Residents of M.P. Area

Sixteen Menlo Park business establishments this week join in marking the anniversary of their openings.

The seven stores in the Giannotti building on the southerly side of Santa Cruz avenue all are celebrating completion of three years of business, all still under their original ownerships.

Across the avenue, the nine establishments in the Plaza Shops building are marking their first birthday.

Most of the stores will remain open until 9 p. m. Friday night, and many are offering special prices to their customers in celebration of the event.

The 16 stores, which represent a wide variety of merchandise and services, last year joined in a gala celebration to mark the grand opening of the Plaza Shops and the second anniversary of the Giannotti building stores.

Greetings to Menlo Park from

THE FIRST NATIONAL BANK

The First National Bank of San Mateo County recently celebrated the first anniversary of the opening of its Menlo Park Office, Since its establishment 14 months ago at 718 Santa Cruz Avenue, the Menlo Park Office has enjoyed the same rapid growth as has the rest of the community, and is proud of the part it has played in the remarkable expansion of Menlo Park.

Manager of the First National's Menlo Park Office is Fred B. Walker, E. O. Bastianon is Assstiant Manager, and Frank P. Hooper, Jr., is Assistant Cashier and Public Relations Officer.

FIRST NATIONAL BANK

OF SAN MATEO COUNTY

REDWOOD CITY Since 1891 MENLO PARK

MEMBER FEDERAL DEPOSIT INSURANCE CORP.

Giannotti Building Shops Fete Third Year

The seven stores in the Giannotti building now marking their third anniversary include: Clifford's Pharmacy, Frane's Hardware, Jimmie's Barber Shop, Ed Zwierlein's Shoes, Stevens yard goods and draperies, Joe Prein's Menlo Park Radio, and Ballin's teen-age apparel shop.

Ballin's

Proprietor of Ballin's, offering clothes for big and little sister, is Mrs. G. Hurtado.

Mrs. Hurtado operates a similar shop in Palo Alto. She opened a store in Burlingame 18 years ago. Previously she had acquired experience as a buyer for Meier & Frank in Portland, Ore.

Clifford's

Pharmacy Proprietor Robert (Bob) Clifford actually has been in business in Menlo Park for more than five years.

Before opening in his Santa Cruz avenue location three years ago, he had operated his pharmacy for 27 months on El Camino Real. Bob is a 1940 graduate of the University of California and served three and a

Plaza Shops Chalk Up Year of Growth

Marking their first anniversary this week, the nine establishments in the Plaza Shops building include: Dixson's, First National Bank, Garcelon's, Harvey's Hostess House, Hogan's Shoes, Menlo Park Hardware, Arthur Rake — Jeweler, Ralston's, and van de Sande.

Dixson's

Distinctive women's apparel, displayed in an early New England atmosphere, is the offering of Dixson's apparel shop, owned and operated by Edward and Lillian Dixson.

The Dixsons operate similar establishments in San Carlos and at Homewood, Lake Tahoe.

1st National Bank

Although it marked its official first anniversary three weeks ago, the Menlo Park office of the First National Bank of San Mateo County is joining the other tenants of the Plaza Shops building in this week's celebration.

Manager Frederick B. Walker pointed to growth of the bank's staff from six a year ago to nine today as

half years in the South Pacific with the Navy.

Frane's

Proprietors of Frane's for Hardware are Dale and Blanche Frane and their son Vernon Frane.

The elder Franes reside at 825 Menlo avenue. Their enterprise, now three years old, represents the culmination of a 20-year dream. Frane had previously been in the lumber business in Palo Alto for 12 years and had managed a lumber yard in Stockton for nine years.

Jimmie's

James (Jimmie) Gianocca first entered the barber-shop business in Menlo Park when he chanced to read an advertisement in the Menlo Park Recorder as he was passing through in 1939.

Answering the ad, he went to work in the shop of Vic DuPont. When DuPont died in 1940, Jimmie operated the shop himself for about a year. Jimmie returned to Menlo Park four years later after a stay in the northern part of the state.

Joe Prein's

Actually one of the oldest enterprises in Menlo Park is the radio and appliance shop of Joe Prein.

He has lived in Menlo Park since 1924 and in 1934 opened a radio sales and repair shop in the 1100 block of El Camino Real, where he continued to operate until the opening of the Giannotti building three years ago.

Handling repairs with Prein for the past 16 years has been Clarenc Fiske.

Stevens

Since Alfred Weber and Siegfrie Hamburger, proprietors of Steven

AUGUST ANNIVERSARY DAYS

OUR SINCERE THANKS TO YOU...

On the occasion of our First Anniversary in the new Menlo Plaza Shops, and our third year in Menlo Park, we'd like to express our appreciation to our many friends for enabling us to grow so quickly.

We started three years ago with an inventory of but five watches. Now, with over 200 in stock, we have one of the largest selections on the peninsula.

Three years ago we carried only one manufacturer's line of sterling silver. Soon we will add the fourth name to an already impressive list.

Throughout our shop, we have been able to continually add fine new merchandise to our selection, in every department.

5 FAMOUS NAMES IN WATCHES

- Hamilton
- Gruen
- Bulova
- LeCoultre
- Wyler

A complete range of prices.

4 OUTSTANDING NAMES IN STERLING SILVER

- Towle
- Gorham
- Heirloom

Place settings from $27.50, tax incl.

EXQUISITE JEWELRY

We have been constantly adding to our selection of rings and other jewelry. See our display of costume jewelry by Marcel Boucher.

We cordially invite you to drop in and see us. We're proud of our new shop and will welcome an opportunity to show you some of the outstanding pieces in our selection. Thank you again for letting us serve you. It's always a pleasure!

Arthur Rake JEWELER

opened their shop three years ago, business has increased to such an extent that last year saw them opening a new mezzanine department.

Weber, who manages the establishment, now offers complete lines of yardage, patterns, notions, towels, sheets, blankets, bedspreads, lingerie, hosiery, with the new mezzanine devoted to draperies, upholstery and slip-covers.

Ed Zwierlein's

Zwierlein's Menlo Park shoe store is the third such establishment opened by Ed Zwierlein, who opened his first in Palo Alto 30 years ago and a second in San Mateo in 1940.

Manager of the local shop during its first three years has been Zwierlein's son, Edmund Roy Zwierlein. He is assisted by Harry Griffon.

6415 PAPERS HANDLED

A total of 6415 papers were handled by the county recorder's office during July of this year, as against 5618 for the same period last year. County Recorder Ruth Kirste, summarizing the month's figures, also recalled that 163 marriages were recorder last month.

evidence of the fast growing strength of the Menlo Park community.

Garcelon's

Mr. and Mrs. Charles D. Garcelon first entered the gifts and homewares business in Menlo Park in 1948 in a location on El Camino Real.

They moved to Santa Cruz when the Plaza Shops opened last year.

Before coming to Menlo Park, they lived in Klamath Falls, Ore., where Garcelon operated an electrical contracting business.

Harvey's

Proprietor Ralston J. Harvey of Harvey's Hostess House opened his establishment a year ago with the "desire to supply the housewife with an economical source of hostess needs."

Harvey believes his shop is unique in the combination of goods he has available in one store. Included in the stock are ice cream, frozen specialties and imported delicacies.

Hogan's

Hogan's Shoe Store, formerly Riley's, is owned by Art Hogan, who operates a similar establishment in Redwood City.

Managing the local shop are Mr. and Mrs. Andy Anderson, who reside on University drive.

Complete lines of men's, women's and children's footwear, with special emphasis on the latter, are the features of the enterprise.

A Well-Run Farm Holds Charming Surprises for Everyone

By TERRY LEE

My uncle has a farm that charms everyone.

It has chickens and pheasants, cows and a horse, rabbits and ducks, a big collie dog, a garden full of corn and tomatoes, apple and peach trees, and a rainbow assortment of flower beds set along lawned paths.

In spring there are fawn-like baby calves and fluffy chicks, dwarf flowering crabapple trees in beds of crocus.

Now the calves are in the fields, the garden is full of strong summer color and the corn is tassled and surrounded by huge sunflowers. The farm is a fine balance of animals; compost and manure; vegetables, fruit and milk to eat; and sheer beauty.

SURPRISES

If you look, there are wonderful surprises in every corner.

A hundred tiny leafed twigs will soon be pink flowering dogwood trees.

There's a small oak from Korea, planted at the request of the agriculture department. If it grows well its cork bark will be an important product.

In the greenhouse there's a bed of baby's tears (a ground cover for shade) that is not the ordinary green, but varigated. It has grown from one small root that sent up green and white leaves.

The farm is large and self-sufficient, but its principles can be applied to a quarter acre.

The animals would have to be eliminated, but the importance of compost and humus is a lesson every gardener should have learned by now.

DISCED

All the good cover crops and dying plants are disced into the soil, not plowed under to rot too slowly.

The grass clippings and straw mulch are scratched in to the flower beds.

There is a pile of rotting leaves, rubbish, clippings and stalks that will be fed back to the hungry soil. Even the decorative locust trees that edge the path by the garden feed nitrogen to the soil, as they are a legume.

Soybeans are planted with corn to give extra nitrogen to the corn, and as itself act act as an important food for the cattle.

The flowers in the garden reaffirm my faith in petunias. They are beautiful and spread to fill a border or bed. They neatly drop their dead flowers, and bloom again if cut back.

Silver Queen is a free flowering single rosy pink. The whites are good in the bleaching summer sun.

SNAPS AND PHLOX

The tetra snaps are large and stiff stemmed needing no staking. Another tetra introducation is the tetra annual phlox. It is low, with many flowers an colors. I like the Globe phlox. It grows much like the petunia, with large heads of flowers. There is a beautiful pink with a white eye, and a bright red variety.

The tall perennial phlox, pink and white, are in the background. Scabiosa and larkspur add blue to the garden at a medium height.

Everywhere the birds are invited to stay. It is a wise gardener who knows the service the birds perform in eating insects and weed seeds.

There are great tall houses for the martins and tiny ones for the wrens.

A plate of sunflower seeds is set on a post and protected from the squirrels by an inverted cone surrounding the post half way up.

Bird baths sit in an open spot in the garden, safe from a waiting cat.

In the spring the shedding collie contributes his fur to the titmouse for a nest.

There are small test-tubes of honey and syrup set in posts to attract the hummingbird.

TREES IMPORTANT

The woods are allowed to grow

HOUSEHOLD MEMOS... by Lynn Chambers

Breakfast Magic

"LET'S HAVE BREAKFAST every morning" ought to be the theme of every family in the land. Most mothers even agree it's a good idea but many of them become discouraged when faced with the problem of developing interesting, nutritious and appetizing breakfasts seven mornings a week.

A good way to get around this is to plan the meal around a basic plan including fruit or fruit juice, cereal, bread, butter and milk, with some meats and eggs for variety and increased food value, as necessary.

During hot weather you may be using ready-prepared cereals a great deal. With fresh fruits in abundance, you'll be able to do highly appetizing things with them. Here are a few of them:

1. Add a top and bottom layer of fruit and berries to your cereal bowls.
2. Alternate layers of fresh fruits and berries with ready-to-eat cereals.
3. Serve golden yellow scrambled eggs on shredded wheat biscuit which has been split, toasted and buttered.
4. Serve cereal in a deep round dish around a glazed baked apple.
5. Mix two fruits of contrasting colors like sliced peaches and blueberries with your favorite ready-to-eat cereal.

These ideas really have a chain effect; one suggests another. You can easily think of many taste and texture variations you'll want to try, just from your family's list of favorite cereals, fruits and berries.

• • •

Here are some breakfast patterns which may prove interesting to you, and thus suggest other ideas to you:

Menu I.
Sliced Oranges
Dry Whole Grain Cereal
Toast or Muffins, Butter, Preserves
Beverage

Menu II.
Grapefruit Juice
Creamed Dried Beef on Toast
Whole Wheat Toast, Butter, Strawberry Preserves
Beverage

Menu III.
Tomato Juice
Chinese Omelet
Rolls Orange Marmalade
Beverage

Menu IV.
Cantaloupe or Honeydew Melon
Bacon and Poached Eggs on Toast
Whole Wheat Toast, Butter
Beverage

• • •

Here are some interesting main dishes to try on the mornings when you want to serve something different from cereal:

Chinese Omelet
(Serves 6)

- ½ cup uncooked rice
- 4 tablespoons butter or substitute
- 4 tablespoons flour
- 2 cups milk
- 3 eggs, separted
- ¼ teaspoon paprika
- 1¼ teaspoons salt
- ⅛ teaspoon dry mustard
- 4 tablespoons grated cheese

Cook rice until tender. Rinse with hot and cold water. Make sauce of butter, flour and milk. Cook until thickened. Beat egg yolks. Add rice, sauce, seasonings and cheese. Fold in stiffly beaten egg whites. Pour into greased casserole or shallow pan. Bake in a moderate (350°F.) oven for 35 minutes.

• • •

Creamed Dried Beef
(Serves 4)

- 4 ounces dried beef
- 2 tablespoons butter or substitute
- 2 tablespoons flour
- 1 cup milk
- 2 egg yolks
- ⅛ teaspoon paprika
- Toast or hot fluffy rice

Melt butter in heavy skillet. Cut beef into 1-inch pieces for this, using scissors. Fry in hot butter. Sprinkle flour over beef and stir. Add milk gradually, cooking and stirring until thickened. Remove from heat. Stir in slightly beaten egg yolks. Add paprika and serve over hot rice or toast.

• • •

Hearty Bacon Breakfast
(Serves 4)

- 4 slices bacon
- 2 cups cooked, cubed potatoes
- 4 eggs
- Salt and pepper

Dice bacon and brown slowly in skillet. Add potatoes and brown lightly. Beat eggs. Season. Pour beaten eggs over bacon and potatoes. Stir slowly until eggs are set. Serve at once.

PASS BUDGET

Las Lomitas school district trustees last week approved a budget of $235,419 to finance the district's operations for the coming school year. Details of the budget were published here two weeks ago.

(Continued from Page 6-B)

and reseed, fenced from the grazing cattle.

They absorb the falling rain and maintain the water table.

Milkweed grows wild in the fields and in the fall yields a silky fluff that is a better filler than kapok.

GARDEN CALENDAR

Week of Aug. 14

The chores in August are many, but they do not take much time. Disbudding, staking, fertilizing, watering ,spraying, cultivating, dividing, harvesting flowers, vegetables and fruits and shearing off dead flowers.

* * * *

Gladiolus are on display this month. A new good yellow is Howard V. Wright, a good white is Pauline. Clarence D. Fortnam, a light pink, has been called the most beautiful spike.

Given, a light rose, is also fragrant. The small and miniature gladiolus, like Flicker and Filagree, are also increasing in popularity.

* * * *

Perennials can be grown from seed as well as reproduced from root divisions. Delphinium, primula, coreopsis, gaillardia, canterbury bell and English daisy are a few to tempt you. I like to start a few pots of fairy primula seed to have a flowering border in March, just when flowers seem most needed.

* * * *

There has been much talk about "blight" in this column, and soon "wilt" will be evident, on chrysanthemums particularly.

Blight is a disease showing sudden and severe damage to leaf, flower or stem. A causative fungus or bacterium is present in the afflicted area.

Early sprayings of bordeaux is the best preventative, and cutting out the damaged parts can be a cure.

Wilt is a systemic disease and harder to control as the fungus may be far removed from the wilted parts. Many wilt organisms live in the soil and enter plants through the roots.

The fungus, or toxin produced by it, interferes with the water-conducting system.

Ordinary blight spraying is useful, and there are some chemicals for specific wilts. The best protection is to use resistant seed and plant in a new location.

Plaza Shops...

(Continued from Page 5-B)

that, worked with a jeweler in Palo Alto.

Ralston's

With "courtesy first" as her slogan, Mrs. Mary Blunt took over management of Ralston's women's appadel shop in Menlo Park three months ago. Mrs. Blunt has for a number of years managed other stores in the Ralston chain, of which the Menlo Park store was the eleventh when it opened last year.

Included in Mrs. Blunt's all-new staff is Mrs. Florence Ketchum, head of the shop's new fitting and alteration department. Head saleslady is Mrs. Bernice Kessler, and her assistant is Mrs. Rose Owens.

The store is owned by Leo Ralsotn and associates Stanley Ralston and J. Dykestra.

Van de Sande

Van de Sande, clothing store for men and boys, moved to its Santa Cruz avenue location a year ago from smaller quarters in the 1000 block on El Camino Real.

Partners D. H. van de Sande and Richard W .Brackett declared last year, at the time they moved from the location they had occupied since September 1946, that the move was in keeping with their constant aim of growing with the community.

"That the move was justified has been proved during the past year by increased volume," Brackett commented this week.

2 TIPS FOR CAREFREE TRIPS

Protect valuables left at home.

Protect travel cash when you roam.

● Wherever you go, let our bank's services make your next trip a *pleasant* one. Our safe-deposit boxes are the best place to protect those valuables you leave at home. And we can supply you with American Express Travelers Cheques to protect the cash you take with you. If these cheques are lost or stolen you get a quick refund. And American Express Travelers Cheques are convenient as cash —spendable *anywhere!*

When you're planning a trip, stop in here *first*. It costs so little to rent a safe-deposit box for your valuables, and to convert your travel cash into travelers cheques. Only 75¢ per $100 . . . 40¢ for $50 or less.

Modern Etiquette

By ROBERTA LEE

Q. Is it proper to tip the soup plate in order to scoop out the last bit of soup?

There's nothing at all wrong about this. You don't have to leave soup that's intended to be eaten.

Q. Is it considered proper to use bread as a "pusher" in getting bits of food from the plate onto the fork?

A. If absolutely necessary, this is considered all right. Just use small pieces of bread, though—not a whole slice.

Q. Isn't it all right for a man to take the arm of a woman companion when walking along the street?

A. No. However, he should assist an elderly woman by taking her arm and he may guide any woman companion in crossing streets or assist her in ascending or descending stairways, by laying his hand lightly on her arm.

Q. Is it suitable to have married friends serve as bridesmaids?

A. If they are the bride's very good friends there is certainly nothing wrong with this.

GOOD NEWS for HOMEMAKERS

BY Anne Marshall

FIT-FOR-A-KING IS MEAT LOAF when you fix it with a lip-smacking sauce. And that sauce is right at your finger tips on the soup shelf. Take a can of condensed cream of mushroom or tomato soup. Heat it in the pan after you remove meat loaf, stirring the browned bits of meat and some drippings into the soup. (The amount of drippings depends on thickness of sauce you like. Tomato soup is a good medium-thick sauce just as it comes from the can. Mushroom soup plus about ⅓ cup liquid makes a medium-thick sauce.)

PICNIC POINTER: Something cold to drink is a must for summer outings. Carry along a thermos or jug of ice cubes. Also take cans of tomato juice or mixed vegetable juices—and the can opener. Then ice the juice just before you're ready to drink it. Tastes mighty fine with hot dogs and potato salad.

CAKES MAKE A PARTY. And for summer festivities — whether a birthday dinner or a picnic—you want an easy cake that's a real beauty. Try a play-easy variation of a gingerbread mix for the next time you need a cake. Use condensed tomato soup as liquid in the cake. It gives a delicate special flavor and a rosy color to the gingerbread.

Tomato Soup Gingerbread

1 package gingerbread mix
¼ cup water
1 can (1¼ cups) condensed tomato soup

Blend ingredients thoroughly and stir until batter is smooth. Pour into a greased and floured 9-inch layer pan. Bake in a moderate oven (350° F.) about 35 minutes, or until cake springs back when touched lightly. Remove from pan and cool. Serve with a cream cheese frosting. 8 servings.

HOW CAN I?

By LYNN CARTER

Q. How can I mend a loose umbrella handle?

A. Pour some melted resin or sulphur into the hole. Quickly force in the umbrella rod and hold for a few minutes until the substance hardens.

Q. How can I treat scars that have been left on the face by pimples?

A. Bathe them regularly with a solution of boracic acid, followed by an application of zinc ointment.

Q. How can I remove automobile grease stains from a garment?

A. Rub lard on the spots, then wash in cold water, followed by a washing in warm water. This will remove all stain.
